

Borrow responsibly

We encourage students and families to start with savings, grants, scholarships, and federal student loans to pay for college. Students and families should evaluate all anticipated monthly loan payments, and how much the student expects to earn in the future, before considering a private student loan.

This information is for borrowers attending degree-granting institutions only. You must be attending or have attended a participating school located in the U.S. during an eligible prior enrollment period. You must be a U.S. citizen or a permanent resident or a Non-U.S. citizen borrower with a creditworthy cosigner (who must be a U.S. citizen or permanent resident) and required U.S. Citizenship and Immigration Service (USCIS) documentation. Non-U.S. citizen students, including DACA students, will need to submit proper documentation to prove citizenship/identity; this can include an unexpired foreign passport, an unexpired student visa, an alien registration card, or an employment authorization document. All documentation must be unexpired at the time of the application, government-issued, and include a photograph. U.S. citizens and permanent residents enrolled in eligible study abroad programs or who are attending or have attended schools located outside the U.S. are also eligible. Applications are subject to a requested minimum loan amount of \$1,000. Current credit and other eligibility criteria apply.

Explore federal loans and compare to ensure you understand the terms and features. Smart Option Student Loans that have variable rates can go up over the life of the loan. Federal student loans are required by law to provide a range of flexible repayment options, including, but not limited to, income-based repayment and income-contingent repayment plans, and loan forgiveness and deferment benefits, which other student loans are not required to provide. Federal loans generally have origination fees, but are available to students regardless of income.

¹ Sallie Mae reserves the right to approve a lower loan amount than the school-certified amount.

² Interest rates for Fixed and Deferred Repayment Options are higher than interest rates for the Interest Repayment Option. You're charged interest starting at disbursement, while in school and during your six-month separation or grace period. When you enter principal and interest repayment, Unpaid Interest will be added to your loan's Current Principal. Variable rates may increase over the life of the loan. Advertised APRs assume a \$10,000 loan to a freshman or first-year graduate, as applicable, with no other Sallie Mae loans. Graduate student pricing for this loan is limited to students enrolling in a Masters/Doctorate level degree program. Graduate Certificate/Continuing Education course work is not eligible.

³ Borrower or cosigner must enroll in auto debit through Sallie Mae. The rate reduction benefit applies only during active repayment for as long as the Current Amount Due or Designated Amount is successfully withdrawn from the authorized bank account each month, and may therefore be suspended during a forbearance or deferment period.

⁴ If requesting a loan for a prior enrollment period, less than 365 days can pass from the end of the prior enrollment period to the time of the loan's first disbursement. At the time of the request, the student must be enrolled, intending to enroll, or have graduated. The student must have been enrolled during the prior enrollment period for which the loan is requested and must not have withdrawn with no intention of re-enrolling, as verified by the school.

⁵ This promotional benefit is provided at no cost to borrowers with loans that first disburse between May 8, 2017 and April 30, 2018. Borrowers who reside in or attend school in Maine are not eligible for this benefit. No cash value. Terms and Conditions apply. Please visit Chegg.com/SallieMae/TermsAndConditions for complete details. This offer expires one year after issuance.

⁶ This repayment example is based on a typical loan to a freshman borrower who chooses a variable rate and the Fixed Repayment Option for a \$10,000 loan, with two disbursements, and a 8.00% variable APR. It works out to 51 payments of \$25.00, 119 payments of \$150.18 and one payment of \$117.48, for a Total Loan Cost of \$19,263.90. Variable rates may increase over the life of the loan.

⁷ Only the borrower may apply for cosigner release. Borrowers who meet the age of majority in their state may apply for cosigner release by providing proof of graduation (or completion of certification program), income, and U.S. citizenship or permanent residency (if your status has changed since you applied). In the last 12 months, the borrower must be current on all Sallie Mae serviced loans (including no hardship forbearances or modified repayment programs) and have paid ahead or made 12 on-time principal and interest payments on each loan requested for release. When the cosigner release application is processed, the borrower must demonstrate the ability to assume full responsibility of the loan(s) individually, and pass a credit review that demonstrates a satisfactory credit history including but not limited to no: open bankruptcy, open foreclosure, student loan(s) in default or 90 day delinquencies in the last 24 months. Requirements are subject to change.

⁸ Available for loans made to students attending a degree-granting institution. Graduated Repayment Period (GRP) allows interest-only payments for the initial 12-month period of repayment when the loan would normally begin requiring full principal and interest payments (which typically begins six months after graduation) or during the 12-month period after GRP request is granted, whichever is later. At the time of GRP request, the loan must be current and the borrower must have graduated with no interruption in enrollment and not be more than 30 days delinquent on any student loan. The borrower may request GRP only during the two billing periods immediately preceding and the two billing periods immediately after the loan would normally begin requiring full principal and interest payments. GRP does not extend the loan term. If approved for GRP, the Current Amount Due that is required to be paid each month after the GRP will be higher than it otherwise would have been without GRP, and the Total Loan Cost will increase.

⁹ Based on a May 10, 2017 review of competitors' loan programs and repayment features.

¹⁰ Borrowers and cosigners may receive their FICO[®] Score quarterly after the first disbursement of their loan. FICO[®] Scores are delivered only to borrowers and cosigners who have an available score, are based on data from TransUnion, and may be different from other credit scores. This benefit may change or end in the future. FICO[®] is a registered trademark of the Fair Isaac Corporation in the United States and other countries.

¹¹ If at any time during the repayment period you enter an approved residency or internship program, you may contact us to request the Residency/Internship Deferment. To apply for the Residency/Internship Deferment, you must submit a form completed by you and an official from the residency or internship program to us for consideration. If you receive the Deferment, the Current Amount Due you will be required to pay each month during the deferment period will reflect the same repayment option that applied to your loan during the in-school period. Deferment periods are issued in up to 12-month increments. You can receive a maximum of five 12-month deferment periods (60-month maximum). Interest is charged during the deferment period and Unpaid Interest may be added to the Current Principal at the end of each deferment period, which will increase the Total Loan Cost.

For degree-granting institutions

Smart Option Student Loan[®]

When scholarships, grants, and federal student loans aren't enough, get the money you need to help pay for undergraduate or graduate school.

Features and benefits

- ✔ **Borrow up to 100% of your college and graduate school costs.**¹
- ✔ **Competitive rates are available for undergraduate students, with lower rates for graduate students.** Plus, you can choose from a variable or fixed interest rate.²
- ✔ **Pay no origination fee and no prepayment penalty.**
- ✔ **Lower your interest rate:** Undergraduate students who choose to make monthly interest payments while in school receive a rate that is 1 percentage point lower than those who choose to defer making payments.²
- ✔ **Lower your total student loan cost** with a 0.25 percentage point interest rate reduction when you enroll in and make monthly payments by auto debit.³
- ✔ **Death and disability loan forgiveness.** If the student dies or becomes permanently and totally disabled, Sallie Mae will waive all remaining payments on the loan.
- ✔ **Cover an existing balance** for an enrollment period within the past 365 days.⁴
- ✔ **Non-U.S. citizen students (including DACA students)** enrolled in an institution located in the U.S., are eligible to apply with a creditworthy cosigner who is a U.S. citizen or permanent resident and with required U.S. Citizenship and Immigration Service (USCIS) documentation.
- ✔ **New for 2017! Study StarterSM** Jump-start your studies with a choice of up to 120 free minutes of live online help from Chegg TutorsTM or free access to Chegg Study[®] with guided Textbook Solutions.⁵

Pay it back now or later

The "option" in the Sallie Mae Smart Option Student Loan name means you can choose the repayment option that works best for you.

Deferred repayment option

Make no scheduled loan payments while you're in school and in grace (six months after leaving school).²

Fixed repayment option

Pay \$25 every month you're in school and in grace, and you can save on the total student loan cost when compared to our deferred repayment option.^{2,6}

Interest repayment option

Pay interest every month you're in school and in grace. Your interest rate will be lower than with our deferred repayment option and you can save on your total student loan cost, compared to our deferred repayment option.²

A cosigner may help you qualify

Finding a parent or other creditworthy individual allows you to share the cost of your loan. It can increase your chances of getting a loan approved and may even make the investment more manageable. Which allows you to focus on what's important while you're in school—successfully completing your degree.

Plus, cosigning doesn't need to be a lifetime commitment. You may apply to release your cosigner from the loan after you graduate, make 12 on-time principal and interest payments and meet certain credit requirements.⁷

Manage your loan after graduation

Students in good standing can request to make interest-only payments for 12 months (rather than full principal and interest payments), beginning six months after graduating.⁸ The Smart Option Student Loan is the first nationwide private student loan offering a **Graduated Repayment Period** feature,⁹ giving you a little flexibility when you're transitioning from school to career after graduation.

Track your credit health

This free benefit is available to both borrowers and cosigners¹⁰ and allows you to view your quarterly FICO[®] Score by logging into your Sallie Mae[®] account. You'll also receive access to the key factor(s) affecting your score and educational content to help you understand why viewing your FICO[®] Score is important.

Residency or internship deferment

A residency or internship deferment is available to students in up to 12-month increments, and is limited to a total of 60 months.¹¹ During the deferment, borrowers return to the repayment option (interest, fixed, or deferred repayment option) that they had during the in-school period.

Another college financing option for parents

The Sallie Mae Parent LoanSM is designed for a parent, spouse, or any creditworthy individual who wants to take responsibility for financing their student's education with a loan in their own name.
