## REAL HELP TO MAKE COLLEGE MORE AFFORDABLE.

---

### **Grants/Other Scholarships**

These monetary awards are available to qualifying students and generally don't have to be paid back. Grants are offered by the U.S. government (Federal Pell Grants), and many states also have grant and scholarship programs. Certain qualifications apply.

### **Loans**

Long-term loans (offered either by the U.S. government or by lenders receiving government guarantees) generally have low-interest rates. Loans must be repaid, and they're generally scheduled to be repaid over ten years or more.

You typically don't start making loan payments until about six months after you leave school (whether or not you graduate).

Different types of loans include the subsidized loan, which doesn't charge you interest while you are in

school at least half-time, for the first months after you leave school, or during a period of deferment, and the unsubsidized loan, which you start owing interest on once the loan is disbursed to your student account. Certain qualifications apply.

Private loans may also be available to you through local banks, credit unions, or other student loan providers.

### **Other Resources**

If you're currently working, your employer may offer tuition assistance. If you're a veteran or an active member of the military, you may be eligible for tuition assistance and other GI Bill benefits, too.<sup>2</sup>

We know it's easy to feel overwhelmed by all this, but that's where we come in. We'll help you wade through the language, the process, and the paperwork of financial aid, so you don't have to go at it alone.

<sup>2</sup>VA benefits available for those that qualify.

# A REAL COMMUNITY CONNECTION.

Remington College believes a better world is within reach if we put our collective minds, hands, and hearts together. So we try to instill a real sense of giving back — for the good of our neighboring communities, and for your personal and professional growth and enrichment, too.

---

THESE ARE JUST SOME OF THE OUTREACH SERVICES AND CAUSES OUR PEOPLE ARE COMMITTED TO:

---

## **Community Services**

Anywhere you find a Remington College campus; you will find multiple programs and events aimed at engaging you as a student, encouraging you to network and build connections and relationships and empowering your own future by giving back to the people in your local community.

## **National Multiple Sclerosis Society Partnership**

Remington College, a non-profit college, has partnered with the National Multiple Sclerosis Society for a volunteer initiative across its campuses nationwide. As part of the partnership, Remington College will help promote awareness, volunteer for National Multiple Sclerosis Society such as Bike MS and Walk MS and fundraiser. The effort underscores Remington College's numerous community offerings as a non-profit institution.
