

REAL SKILLS FOR

THE REAL WORLD.

Remington's career-relevant degree and diploma programs are developed with your success in mind. Our instructors bring personal industry experience and hands-on training into the classroom.

AT REMINGTON COLLEGE, YOU'RE NEVER ON YOUR OWN— you have the support of our staff, instructors, and community connections. We offer assistance with financial aid and scholarship options for those who qualify, along with varied program start times and class schedules in select programs. While employment is not guaranteed for students or graduates, as you near the graduation, our career services team assists with training to help craft effective resumes and help prepare for that all important job interview.

SINCE 1985,

REMINGTON COLLEGE HAS FOCUSED ON
ENHANCING THE QUALITY OF LIFE OF OUR
STUDENTS THROUGH EDUCATION AND
TRAINING. AS A LOCALLY-BASED, NON-
PROFIT COLLEGE, WE WORK TO BENEFIT
THE COMMUNITIES WE SERVE. WE TAILOR
OUR PROGRAM OFFERINGS TO FULFILL
THE NEEDS OF AREA EMPLOYERS.

REMINGTON COLLEGE IS DEDICATED *to Your* SUCCESS.

Remington College is **non-profit** and community-focused. Remington College is accredited by the Accrediting Commission of Career Schools and Colleges. The Accrediting Commission of Career Schools and Colleges is listed by the U.S. Department of Education as a nationally recognized accrediting agency.

Why ACCSC Matters

ACCSC's scope of recognition with the U.S. Department of Education includes the accreditation of postsecondary, non-degree-granting institutions and degree-granting institutions that are predominately organized to educate students for occupational, trade, and technical careers.

CAREER SERVICES DEPARTMENT

Your future is important to us at Remington College. Although no reputable college can guarantee employment, we do take a proactive approach with your career planning and development — offering reliable coaching and putting our knowledge and resources to work for you in several ways.

Employment Applications and Résumés.

We'll help you design your résumé, offer tips on writing it, assist in completing employment applications, and more.

Connection with Potential Employers and Potential Jobs.

Our goal is to get local employers to know you. We invite them to visit our campuses as guest speakers and job fair participants. We also share current and future job leads and job openings and help set up interviews or pre-employment screenings for you.

Interview Techniques - Professional Development Activities.

By offering career development coursework and opportunities to take part in mock interviews, we'll help you fine-tune your interviewing skills, give you tips on professional appearance and how to build your confidence and readiness for interviews, and offer valuable advice on how to follow up after your interviews.

Help for Every Graduate.

You're not just a number, and you won't have to get on a waiting list to speak with our Career Services Representatives. In fact, we may even reach out to you first!

STUDENT FINANCE DEPARTMENT

If you're worried about how you'll pay for college, know that if you qualify for financial aid, you might just have a variety of options to help you cover the cost.¹

All Remington College campuses participate in the Title IV Federal Student Financial Aid Program. Our Student Finance Associates are ready to talk with you about your specific needs and the types of college financing options that could be available to you if you qualify and meet eligibility requirements.

We can also help you complete your Free Application for Federal Student Aid (FAFSA), along with scholarship, grant, and loan applications, at no cost to you.

REAL HELP TO MAKE COLLEGE MORE AFFORDABLE.

Grants/Other Scholarships

These monetary awards are available to qualifying students and generally don't have to be paid back. Grants are offered by the U.S. government (Federal Pell Grants), and many states also have grant and scholarship programs. Certain qualifications apply.

Loans

Long-term loans (offered either by the U.S. government or by lenders receiving government guarantees) generally have low-interest rates. Loans must be repaid, and they're generally scheduled to be repaid over ten years or more.

You typically don't start making loan payments until about six months after you leave school (whether or not you graduate).

Different types of loans include the subsidized loan, which doesn't charge you interest while you are in

school at least half-time, for the first months after you leave school, or during a period of deferment, and the unsubsidized loan, which you start owing interest on once the loan is disbursed to your student account. Certain qualifications apply.

Private loans may also be available to you through local banks, credit unions, or other student loan providers.

Other Resources

If you're currently working, your employer may offer tuition assistance. If you're a veteran or an active member of the military, you may be eligible for tuition assistance and other GI Bill benefits, too.²

We know it's easy to feel overwhelmed by all this, but that's where we come in. We'll help you wade through the language, the process, and the paperwork of financial aid, so you don't have to go at it alone.

²VA benefits available for those that qualify.

A REAL COMMUNITY CONNECTION.

Remington College believes a better world is within reach if we put our collective minds, hands, and hearts together. So we try to instill a real sense of giving back — for the good of our neighboring communities, and for your personal and professional growth and enrichment, too.

THESE ARE JUST SOME OF THE OUTREACH SERVICES
AND CAUSES OUR PEOPLE ARE COMMITTED TO:

Community Services

Anywhere you find a Remington College campus; you will find multiple programs and events aimed at engaging you as a student, encouraging you to network and build connections and relationships and empowering your own future by giving back to the people in your local community.

National Multiple Sclerosis Society Partnership

Remington College, a non-profit college, has partnered with the National Multiple Sclerosis Society for a volunteer initiative across its campuses nationwide. As part of the partnership, Remington College will help promote awareness, volunteer for National Multiple Sclerosis Society such as Bike MS and Walk MS and fundraiser. The effort underscores Remington College's numerous community offerings as a non-profit institution.

By giving back, you can gain much in return, including invaluable, résumé-enriching experience and a brighter, more compassionate outlook — creating a chain of hope that will serve to make our world a better place, one day at a time.

BUSINESS

ASSOCIATE
DEGREE
PROGRAM

BUSINESS ADMINISTRATION

Our Business Administration program offers three options for specialized training in Bookkeeping, Marketing and Sales, or Executive Assistant.

CURRICULUM

COURSE CONTENT INCLUDES:

- Introduction to Business
- Document Processing
- Introduction to Management
- Computerized Spreadsheets
- Business Law
- Personnel Management
- Business Portfolio
- Career Development

Choose the training that works for you!

Our program covers the fundamentals of business administration with the added benefit of targeted coursework in Bookkeeping, Marketing and Sales, or Executive Assistant tracks.

Our specialized programs provide general business knowledge and skills with a focus of one of three distinct areas of study:

- Bookkeeping
- Executive Assistant
- Marketing and Sales

A career in Bookkeeping may include organizing financial records, creating budgets and preparing tax returns. Executive Accountants manage office duties and serve as an important liaisons between staff and clients. Marketing and Sales careers include a spectrum of opportunities, from conducting market research and implementing campaigns to boosting sales and increasing a company's return-on-investment.

Remington College's Business Administration Triple Track degree can help prepare you for various positions with independent businesses, public corporations and non-profit sectors.¹

¹Employment not guaranteed for students or graduates.

BUSINESS ADMINISTRATION

CAREER POSSIBILITIES²

An associate degree in Business Administration may lead to a range of entry-level positions, including:

- Accounting Assistant
- Administrative Assistant
- Assistant Manager
- Bookkeeper
- Customer Service Specialist
- General Office Specialist
- Marketing Assistant
- Payroll Office Clerk

²Employment not guaranteed for students or graduates.

CREATIVE ARTS

DIPLOMA
PROGRAM

COMPUTER- AIDED DESIGN AND DRAFTING (CADD)

CADD Drafters, sometimes referred to as CADD operators, collaborate with clients, engineers, architects, and surveyors to design and prepare plans using computer-aided design and drafting software.

CURRICULUM

COURSE CONTENT INCLUDES:

- Manual Drafting
- Computer-aided Drafting
- Structural Drafting
- Architectural Drafting
- Mechanical Drafting
- Electrical and Electronic Drafting
- Pipes and Piping
- Civil Drafting and Mapping
- Career Portfolio

CADD Drafters employ mechanical abilities, visual aptitude, communication skills and attention to detail to work in a variety of areas, including aeronautical, pipeline, electrical, electronic and more.

Your daily work will vary based on the specific field you choose to pursue. Architectural Drafters work under an architect to prepare structural designs, lay out floorplans, run calculations, and analyze building codes.

Civil Drafters incorporate data and surveys to prepare technical drawings for bridges, highways, pipe systems, and more.

Mechanical Drafters use mathematical formulas and specifications to create designs for machinery and equipment.

Explore the full range of computer-aided design and drafting career possibilities with the CADD Diploma Program at Remington College.¹

¹Employment not guaranteed for students or graduates.

COMPUTER-AIDED DESIGN AND DRAFTING

CAREER POSSIBILITIES²

CADD technicians may apply their skills in a variety of workplaces, including:

- Engineering Firms
- Architectural Firms
- Contracting Companies
- City Planners
- Manufacturers

CADD DUTIES

CADD duties include:

- Communicating with clients and engineers
- Naming specific drafting and design elements
- Detailing structures and machine parts in both hand and computer drawings
- Working with engineers to determine drawing dimensions and construction materials

A CADD technician is often trained in civil, electrical, architectural, piping, or mechanical drafting and may use these concentrations to serve specific areas of engineering.

²Employment not guaranteed for students or graduates.

TECHNOLOGY

ASSOCIATE
DEGREE
PROGRAM

COMPUTER AND NETWORK ADMINISTRATION

Computer Network Operators are responsible for keeping an organization's computer network up to date and running smoothly.

CURRICULUM

COURSE CONTENT INCLUDES:

- Computer Architecture
- Computer Support
- Network Implementation and Support
- Network Security
- Routers and Switches
- Computer Software and Hardware

As a Network Operator, you may work in an office setting to manage multiple computers and software platforms across an organization. Daily tasks include installing software and hardware, maintaining the system, monitoring performance, troubleshooting network problems, enhancing and maintaining network security, and more.

If you have a passion for computers and technology, working as a Computer Network Operator may be a good career path for you. Most larger companies have the need for skilled Network Operators to keep their operations running smoothly. Venues for employment opportunity vary depending on your area's specific needs.

Remington College's Computer and Network Administration degree program can provide the training you need to enter this technology-driven field.¹

¹Employment not guaranteed for students or graduates.

COMPUTER AND NETWORK ADMINISTRATION

CAREER POSSIBILITIES²

An associate degree in Computer and Network Administration may lead to a range of entry-level positions, including:

- Network Operator
- Support Technician
- Help Desk and Support Specialist
- Information Technology (IT) Support Specialist

CERTIFICATIONS

Persons who perform maintenance, service, repairs, or disposals that could release refrigerants (and the chemicals in them) from appliances into the atmosphere are required by the U.S. Environmental Protection Agency (EPA) to hold specific certifications to ensure that the refrigerants are handled correctly. Remington College's HVAC diploma program tuition includes the cost of the student's first attempt at the EPA certification exams.³ Certifications are as follows:

Type I—Required for HVAC technicians primarily servicing small appliances, such as domestic refrigerators, window air conditioners and vending machines.

Type II—Required for HVAC technicians primarily servicing and disposing of equipment using a high-pressure refrigerant. Examples include residential air conditioners and heat pumps, supermarket refrigeration and process refrigeration.

Type III—Required for HVAC technicians primarily servicing and disposing of equipment using a low-pressure refrigerant. These units are mainly chillers.

Universal—Required for HVAC technicians who service all types of equipment.

CERTIFICATIONS

Certified Clinical Medical Assistant (CCMA)–

This certification is offered by the National Healthcareer Association. The cost of the first attempt of the Certified Clinical Medical Assistant exam is included in tuition.⁴

³Employment not guaranteed for students or graduates.

⁴Certain restrictions may apply.

HEALTHCARE

DIPLOMA
PROGRAM

MEDICAL OFFICE ADMINISTRATION

Medical Administrative Assistants work alongside doctors and nurses in various healthcare settings to fulfill medical office administrative tasks.

CURRICULUM

COURSE CONTENT INCLUDES:

- Fundamentals of Medical Office Administration
- Healthcare Business Management
- Structure and Function of the Human Body
- Law, Ethics, and Medical Records
- Fundamentals of Practice Management
- Introduction to Coding
- Basic Medical Coding Applications
- Medical Terminology

As a Medical Office Administration graduate,

you may work in locations such as hospitals, clinics, nursing homes, medical supply businesses, home health agencies, and general offices. Though most Medical Office Administration professionals execute similar job responsibilities, your day-to-day role will depend on your particular workplace environment.

Medical Administrative Assistants often answer phone calls, schedule appointments, communicate with insurance companies, communicate test results, order medical supplies, update patient records, and more. Specific jobs in this healthcare field include medical administrative assistant, medical billing specialist, collections clerk, or patient services representative.

With Remington College's diploma program in Medical Office Administration, students will be able to study the fundamentals of medical office administration, healthcare practices, medical terminology, and the basics of medical coding.¹

¹Employment not guaranteed for students or graduates.

MEDICAL OFFICE ADMINISTRATION

CAREER POSSIBILITIES²

A Medical Office Administration diploma may lead to an entry-level position such as:

- Medical Administrative Assistant
- Medical Billing Specialist
- Medical Collections Clerk
- Patient Services Representative
- Admissions Clerk
- Front Office Assistant
- Medical Record Clerk
- Medical Claims Clerk
- Insurance Coordinator
- Insurance Verification Clerk

HEALTHCARE

DIPLOMA
PROGRAM

PATIENT CARE TECHNICIAN

Patient Care Technicians provide care for sick and injured patients under the supervision of doctors, nurses, and medical professionals.

CURRICULUM

COURSE CONTENT INCLUDES:

- Introduction to Health Care
- Basic Patient Care Technician Roles and Responsibilities
- Medical Terminology
- Human Anatomy and Physiology
- Electrocardiography and Phlebotomy
- Rehabilitative Care

Patient Care Technicians

can play an important role in providing patient care alongside a team of healthcare professionals. A typical work day may include taking vital signs, recording health concerns, providing emotional support, and assisting patients with their day-to-day needs.

Patient Care Technicians often work in hospitals, clinics, or rehabilitation facilities. Because Patient Care Technicians work closely with patients on a daily basis, being attentive and compassionate are important skills to have. The ability to effectively communicate with your patients is also essential.

If you enjoy caring for others and want to pursue a career in the healthcare industry, the Patient Care Technician diploma program at Remington College may be the right choice for you.¹

¹Employment not guaranteed for students or graduates. State licensure or certification may be required.

PATIENT CARE TECHNICIAN

CAREER POSSIBILITIES²

Remington College's Diploma in Patient Care Technician program is designed to help prepare students for entry-level positions such as:

- Patient Care Assistant
- Mental Health Technician
- Personal Care Aide
- Nurses Aid
- Nursing Assistant
- Phlebotomist
- Patient Transporter
- Dialysis Technician

CERTIFICATIONS

Certifications and certification exams vary by state. Included in the cost of tuition are the fees associated with the first attempt for the certification exam in the state the Patient Care Technician program was completed.

²Employment not guaranteed for students or graduates. State licensure or certification may be required.

HEALTHCARE

DIPLOMA
&
DEGREE
PROGRAM

PHARMACY TECHNICIAN

Pharmacy Technicians work under licensed Pharmacists to process prescriptions, dispense medication, and provide important health information to patients.

CURRICULUM

COURSE CONTENT INCLUDES:

- Career Development Fundamentals
- Health Science Essentials (includes CPR certification exam!)
- Pharmacy Practice
- Dosage Calculation
- Therapeutics and Medical Safety
- Externship (200 hours; gain practice in an actual pharmacy setting!)¹
- Capstone and Certification Preparation (prepare for Pharmacy Technician certification exam!)

As a Pharmacy Technician,

some of your daily tasks may include measuring and dispensing prescription medications, maintaining patient profiles, handling insurance claims, taking inventory, and performing various administrative duties in the pharmaceutical practice.

The type of work may vary based on your location. Pharmacy Technicians can work in retail outlets, rehabilitation centers, hospitals or community pharmacy settings. Since the pharmaceutical industry changes frequently, the ability to keep up-to-date with new prescriptions and potential issues is essential to being successful. Other important assets include good communication skills, working well with the public and assisting patients on a daily basis.

Remington College's Pharmacy Technician program can help you on the path to a new career in the healthcare field.²

¹Must meet minimum GPA requirements for externship program.

Certain restrictions may apply.

²Employment not guaranteed for students or graduates. State licensing or certification may be required.

PHARMACY TECHNICIAN

CAREER POSSIBILITIES³

Pharmacy technicians may work in a variety of healthcare settings, including:

- Retail Pharmacies
- Hospitals
- Nursing Homes
- Assisted Living Facilities

³Employment not guaranteed for students or graduates. State licensing or certification may be required.

⁴Certain restrictions may apply. Please check with each campus location for details on which nationally accredited exam is offered.

CERTIFICATIONS

Certified Pharmacy Technician (CPhT) Certification–

Upon passing a nationally accredited certification exam candidates are granted the title Certified Pharmacy Technician (CPhT). This certification offers pharmacy technicians the opportunity to demonstrate their knowledge critical to pharmacy technician practice and can be valuable when applying for jobs. The cost of the first attempt of a nationally accredited certification exam is included in tuition.⁴

Cardiopulmonary Resuscitation Certification (CPR)–

This certification is offered by the American Heart Association. Students are required to pass the CPR exam to pass the course in which the exam is offered.

Sterile Products Certification–

This certification is used to demonstrate competence and training on the topic of sterile product preparation and aseptic techniques. Students are required to pass the Sterile Products exam to pass the course in which the exam is offered.

Extemporaneous Compounding Certification–

This certification demonstrates knowledge and experience in extemporaneous compounding, which can be an asset to graduates seeking an entry-level career as a pharmacy technician.

Upon successful completion of the program, Remington College pays for the State Board of Pharmacy registration fees.
