Non-Institutional Charges For Required Course Materials

Certain programs require a student to have specific course materials that Remington College has demonstrated a student has a real and reasonable opportunity to purchase from a source other than Remington College that is not affiliated with the College. If applicable to a student's program, the required course materials are set forth in the Required Course Materials Disclosure Form and can be, but are not required to be, purchased from Remington College. If a student opts to purchase the required course materials from Remington College, the charges are considered Non-Institutional Charges. For additional information see the Required Course Materials Disclosure Form for your program, if applicable.

Page 13: The Types of Financial Aid Available to Those Who Qualify has been amended to include the Remington College Michael Seltzer Scholarship.

REMINGTON COLLEGE MICHAEL SELTZER SCHOLARSHIP

The late Michael Seltzer, who was a longtime Remington College Campus President and Executive, believed in helping others who are in need. To help address the needs of college students, funds have been donated to establish a scholarship in Michael's name. The Michael Seltzer scholarship has a dual purpose: first, this scholarship was created to honor Michael and his decades-long contributions to education, and more specifically to his work to improve the lives of Remington College students and graduates; and secondly, and in the spirit of Michael's numerous contributions, the funds will be directed toward helping current Remington College students in financial need with the goal of providing them assistance to allow them to complete their education.

Accordingly, active students in need of tuition assistance can apply to be selected to receive a Remington College Michael Seltzer Scholarship of up to \$2,500 for their current academic school year to cover unpaid tuition. Amounts of each scholarship will vary based on the number of scholarships awarded but will not exceed \$2,500 per student.

To be eligible to receive a Remington College Michael Seltzer Scholarship, a student must:

- *Submit a completed Remington College Michael Seltzer Scholarship Application, which includes a statement detailing their interest in their chosen program of study and their commitment to completing the program, to SeltzerScholarship@remingtoncollege.edu*
- *Have earned a high school diploma or equivalent;*
- *Be enrolled as a full-time student in any Remington College diploma or degree program;*
- *Complete the Free Application for Federal Student Aid (FAFSA) each year as well as apply for and receive the Federal Pell Grant, Federal Direct Loans, Federal Plus Loans, the Remington College Career Success Scholarship, and the Remington College Academic Success Scholarship, if applicable;*
- *Not previously received the maximum lifetime total award amount of \$2,500 of the Remington College Michael Seltzer Scholarship;*
- *Have unpaid tuition requiring in-school payments after all federal, state, and institutional financial assistance (grants, agency funding, non-private loans, and other scholarships) has been applied; and*
- *Be in good academic standing (meeting Satisfactory Academic Progress) at the time of selection and awarding of the scholarship.*

- 4) No later than 30 days after the class start date the student must have made satisfactory financial arrangements to provide for complete payment of all amounts expected to be due to the institution for Tuition and fees. This requirement may include, but is not limited to, the completion of credit applications, financial aid applications and forms (if the applicant wishes to apply for financial aid), and the execution of promissory notes or other documents necessary to obtain the requisite financial aid or other financial assistance. Students who have not met this requirement to the satisfaction of Remington College will be dropped, and any Tuition charged up to this date will be the responsibility of the student. **Any exceptions to this requirement must be approved in writing by the Director of Financial Aid (or his/her designee) for Remington College.**
- 5) Applicants are enrolled for class starts on a space-available basis. In order to be eligible for enrollment, the applicant must have executed an Application and Enrollment Agreement prior to first attending a scheduled class of the program for which the applicant is applying, and the applicant must be able to meet the applicable attendance requirements for activation.

ACTIVATION

In order to be activated (to officially become a student), applicants must meet the minimum requirements as set forth below. Applicants who do not meet the activation criteria will be canceled.

CRITERIA FOR ACTIVATION

- Satisfy the requirements for admissions as set forth above, and
- Satisfy the attendance requirements as set forth below.

In addition to the above, the criminal background check performed on Dental Assisting and Medical Assisting with X-Ray Tech (Limited Scope) applicants must reflect no prior criminal history or the activation must be approved by Remington College's Legal Department or the Legal Department's designee.

Activation Period

The activation period begins the first day classes are scheduled to begin and ends at the close of the last day of scheduled classes in the second week of the term in which the applicant begins classes. Any exceptions to the activation deadline must be approved by the Provost (or his/her designee) for Remington College.

Attendance Requirements for Activation

For the Cosmetology program, in order to be eligible for activation, applicants must attend at least 50 clock hours during the first two weeks of the term.

For programs other than the Cosmetology program, in order to be eligible for activation, all applicants must attend at least one class on at least two days in the first week or two days in the second week of the activation period.

Exceptions to the Attendance Requirements for Activation may be granted only upon written request from the Director of Campus Administration or Campus Dean and with the written approval of the Provost (or his/her designee) for Remington College.

In the event any scheduled classes are canceled due to weather or other reasons during the first two weeks of the term, the College Head Registrar of Remington College and the Director of Campus Administration shall determine the percentage of class attendance required for activation for the term in which the cancellations occurred.

PROCEDURES-DROP/ADD PERIOD

For "new students" (i.e., individuals beginning their program of study), and for former students who are "re-enrolling" in a program of study in which they were previously enrolled, the drop/add period is equal to the "activation period".

For continuing students beginning a new term, the drop/add period is one week (ending at 11:59 PM Central time on the seventh day of the term). The drop/add period is the same for all programs.

Adding or Dropping Courses

Students may add a course(s) or drop from a course(s) during the drop/add period. Additionally, a student will be dropped from any course in which the student has no positive attendance recorded during the drop/add period. No grade will be recorded and no Tuition will be charged for courses dropped during the drop/add period.

A student who was dropped from a course for having no positive attendance recorded during the drop/add period, may request to be reinstated into the course. Such request must be made in writing and submitted to the Campus Dean within 72 hours of the end of the drop/add period and, in order to be granted, requires the approval of the Provost (or his/her designee).

Students may drop courses after the drop/add period, however, a grade will be recorded and Tuition will be charged. Students who drop or are dropped from a course(s) after the drop/add period will receive the following grade(s):

- A "W" if student drops/is dropped before 50% of Grading Period is completed.
- A "W" if more than 50% of the Grading Period has been completed AND student has a passing grade at the point in time when student drops/is dropped.
- An "F" if failing after 50% of Grading Period.

PRIOR LEARNING CREDIT

After being admitted as a student at Remington College, the student can request a Course Challenge. A Course Challenge is a request to complete an exam similar to the final exam for the course. Some exams may require a lab demonstration component. The test will be a proctored exam, administered by a program specific representative.

Successful completion of the exam with a grade of 70% or higher will qualify for Prior Learning Credit. The course grade will show on the students transcript as "TO" to document course completion. Once enrolled, the student can request the Course Challenge Request Form from the Director of Campus Administration or Campus Dean. A Course Challenge is not eligible once a student attempts the course. The completed form must be submitted and the Course Challenge exam must be completed prior to attempting or attending the course for which the student is requesting the challenge. A student is no longer eligible to request a Course Challenge once the student attempts 50% of the program credits.

Not all courses are eligible for Prior Learning Credit and certain programs may require a higher passing grade to fulfill the program specific requirements. The Provost can authorize approval for a Course Challenge when mitigating circumstances are presented. Prior Learning Credit will be counted as attempted and earned credit for the purpose of measuring the quantitative component of Satisfactory Academic Progress, but will not be calculated in the student's Grade Point Average for the purpose of measuring the qualitative component of Satisfactory Academic Progress.

TRANSFER CREDIT FOR PROGRAMS OTHER THAN THE COSMETOLOGY PROGRAM

This section does not apply to recipients of military/veteran education benefits. Transfer credits for students eligible to receive Veteran Education Benefits are governed by the Transfer of Credit Policy for Recipients of Military/Veteran Education Benefits section of this Catalog.

Remington College will consider accepting transfer credits only from accredited colleges and universities, Joint Services Transcript (JST), Defense Activity for Non- Traditional Education Support (DANTES/DSST) transcript, College Level Examination Program (CLEP) score, and/or Community College of the Air Force (CCAF). Cosmetology courses are identified with a prefix of "COS."

In order for credits from another accredited college or university to be accepted as transfer credits:

- The credits must have been determined by the appropriate campus administrator and the Campus registrar, or his or her designee, to be at the appropriate level and "equivalent" to the course or courses being obviated by virtue of transfer credit being accepted;
- Remington College must be provided with an official transcript directly from the "sending" institution;
- The student must have earned a grade of "C" or higher, and;
- The determination that a transfer credit will be accepted must be made prior to attempting 50% of the program credits and at least one week before the term in which the student is scheduled to take the course or courses to be obviated. A student who enrolls/registers in a course that may be awarded later as transfer credit will not be issued a refund for that course in which he/she was enrolled prior to receiving transcripts if the course proves to be unnecessary.

In some instances Remington College may determine that a credit accepted for transfer credit will satisfy the requirement for replacement for a course or courses, even though the exact amount of credit hours may exceed or be less than the credit hours of the course being replaced by a small margin. For example, if Remington College has a course with a seven (7) quarter credit hour value, and the course being excepted for transfer was four (4) semester hours, then Remington College may, at the discretion of the Provost, or his or her designee, award seven (7) quarter credit hours for the transferred course and consider the seven (7) quarter credit hour requirement to have been met, even though the course transferred in converts to only six (6) quarter credit hours. The determination to award a credit hour value higher than the calculated converted value, or "rounding up," requires the written concurrence and approval of the Provost of Remington College, and the final determination of whether such "rounding-up" is approved shall be based solely on his or her professional judgment. Conversely, the course being transferred in may convert to a higher quarter credit hour value than the course being replaced, in which case the transfer credit awarded will be only the amount of the course being replaced/obviated by the transfer credits ("rounding down"). For purposes of calculating the conversion of Semester credit hours into Quarter credit hours, the ratio of one semester credit hour to one and one-half quarter credit hours (1:1.5) shall be applied.

No more than 50% of a program's total credit hour requirements may be satisfied with transfer credits. Exceptions to extend up to 75% transfer credit must be approved by the Provost. Credit hours earned at a Remington College location other than this Campus are not deemed to be transfer credits for purposes of applying this transfer credit limitation, and the grades earned therein shall be included in the calculation of the student's CGPA.

TRANSFER CREDIT FOR THE COSMETOLOGY PROGRAM

Remington College may accept students who have attended other (non-Remington College) cosmetology programs or schools provided that the student meets Remington College's Admissions Criteria. Prospective students may be eligible to receive a limited amount of "transfer credits" provided that the prospective student demonstrates an acceptable level of knowledge and competence in the subject matter taught at Remington College to the satisfaction of a Remington College Cosmetology Instructor and the Cosmetology Program Chair, who will jointly conduct an assessment of the prospective student's skills and knowledge.

The Instructor and the Program Chair will recommend the amount of transfer credit to be awarded by Remington College and the Campus Dean will approve, reject or modify that recommendation. The determination of the Campus Dean shall be final. Prospective students who will not be receiving Veteran's Benefits may receive transfer credits for a maximum of 50% of the clock hours of the program. Exceptions may be granted by the Provost to extend transfer credit up to 75% of the total program clock hours.

Transfer credits must be applied prior to the first day of attendance in the program. No partial module credits will be transferred. Prospective students who will be receiving Veteran's Benefits will be subject to the Veteran's Administration Transfer of Credit Policy.

TRANSFER OF CREDIT POLICY FOR RECIPIENTS OF MILITARY/VETERAN EDUCATION BENEFITS (TUITION ASSISTANCE, POST 9/11 GI BILL®, ETC.)

All applicants eligible to receive military/veteran education benefits must complete and sign a "Record of Previous Education and Training for Military/Veteran Students" form and identify any previous education and/or training, prior to being activated, so the Campus can evaluate whether any credit should be given for the previous education and/or training identified by the applicant. In order to receive credit for previous education and/or training (and remain eligible for military/veteran education benefits), the Campus must receive an official transcript or a notarized equivalent from each previous postsecondary institution and/or military training facility attended with respect to the courses/training identified by the applicant on the "Record of Previous Education and Training for Military/Veteran Students" form.

All applicants with previous education and/or training identified must also complete and sign a "FERPA – Consent to Release of Personally Identifiable Information and Education Records," authorizing each previous postsecondary institution and/or military training facility to release the applicant's transcripts to the Campus. The Campus will attempt to obtain these transcripts (or notarized equivalents) by sending a written request to each previous postsecondary institution and/or military training facility identified by the applicant on the "Record of Previous Education and Training for Military/Veteran Students" form. To the extent the Campus and/or applicant have difficulty in obtaining any transcript(s), the Campus will work with the Department of Defense, applicable military branch and/or Department of Veteran's Affairs in a further effort to obtain these transcripts. While the Campus will attempt to obtain these transcripts, assistance from the applicant may be necessary, including but not limited to, the payment of any outstanding balance or fees owed to the previous postsecondary institution and/or military training facility required for the release of the transcripts.

All transcripts (or notarized equivalents) must be received by the Campus by the end of the activation period. If all transcripts are not received in time to be evaluated by the end of the activation period, the applicant will not be activated as an official student, and the student will not be charged any tuition. The only exception to providing all transcripts by the end of the activation period is if/when the transcripts pertain solely to prior training that is not applicable to the program for which the student has applied as determined by Remington College's Provost. In that case, upon approval of the Provost, the applicant can be activated as a student and will have two quarters to provide the transcripts; however, if all transcripts are not received in time to be evaluated during the student's first two quarters of enrollment, the student may not be certified to receive military/veteran education benefits, and the student will be personally responsible for all tuition associated with his/her enrollment.

Upon receipt of the transcripts for the identified training, the Campus will evaluate them to determine whether any credit should be given for the previous education and/or training identified by the student with respect to the program in which student has enrolled, as well as determine whether a skills test evaluation is required to demonstrate the requisite proficiency in the applicable field of study. Following the evaluation(s), the Campus will issue the appropriate credit(s) toward the student's program. The Campus will maintain a written record of previous education and training of any student eligible for military/veteran education benefits, as well as the Campus' evaluation of the student's previous education and training that clearly indicates that appropriate credit has been given for all previous education and/or training identified by the student.

LIMITATIONS ON TRANSFERABILITY OF CREDITS TO NON-AFFILIATED EDUCATIONAL INSTITUTIONS

The decision of whether an educational institution will accept transfer credits is made at the sole discretion of the "accepting institution." Remington College has no ability to influence whether a non-affiliated college or educational institution will accept the transfer of credits from Remington College. Accordingly, Remington College does not make any representation that credits from Remington College will be transferable to any non-affiliated college or educational institution, nor is any representative of Remington College authorized to make any such representation or promise of transferability.

Remington College offers programs that are career-focused. The courses that comprise the programs are designed to offer training considered to be required or desired for a specific career. Accordingly, the courses may be very different from courses that might be offered by an educational institution that offers more traditional, and therefore, more generalized education.

The student is advised that Remington College accepts no liability if credits earned at Remington College will not transfer to another educational institution, except that such credits may be accepted by other Remington College campuses. It is the student's responsibility to confirm whether or not credits will be accepted by another institution of the student's choice. Prospective students are advised not to attend this Campus if their intention is to obtain credits for the purpose of transferring those credits to a non-affiliated educational institution. Remington College does not promise, represent or guarantee that credits from Remington College will transfer to any non-affiliated college or educational institution.

As previously described in this Catalog, Remington College is a member of a group of affiliated campuses. Each of the affiliated campuses accepts transfer credits from other affiliated campuses to the extent that the receiving campus offers identical or substantially similar programs or courses.

While some non-affiliated educational institutions may accept the transfer of credits from the programs offered by Remington College, students and prospective students should assume that credits from Remington College will not transfer to non-affiliated educational institutions. The Application and Enrollment Agreement contains language advising students that credits from Remington College are not likely to be accepted by non-affiliated educational institutions and that Remington College accepts no liability related thereto.

FULL-TIME STUDENTS

Students enrolled in degree programs are considered to be full time if they are enrolled for twelve (12) or more Credit Hours at the end of the add/drop period of a Quarter. Students enrolled in diploma programs other than the Cosmetology diploma program are considered to be full time if they are scheduled for 20 classroom or laboratory hours per week. Students enrolled in the Cosmetology diploma program are considered to be full time if they are scheduled for 24 clock hours per week.

NON-DEGREE/DIPLOMA SEEKING ENROLLMENT

The non-degree/diploma seeking status is designed for part-time students who do not seek an academic degree at Remington College. This can include students completing courses that may or may not include a credit hour basis. Enrollment as a non-degree/diploma seeking student does not guarantee automatic admission to Remington College as degree/diploma seeking student. Individuals who wish to apply for non-degree/diploma seeking status must complete the application for admission. Acceptance as a non-degree/diploma seeking student is not automatic. Applicants must be 18 years old or have parental/guardian approval to enroll. Students enrolled as non-degree/diploma seeking are limited to 30 attempted Quarter Credit Hour courses. Enrollment in non-credit courses is unlimited. Credit earned as a non-degree/diploma student cannot be considered for credit at Remington College until the admission criteria has been met by the student for the declared program.

Non-degree/diploma seeking students are required to remain in good academic standing (not on academic or disciplinary probation). Non-degree/diploma seeking students who do not enroll in one or more consecutive courses must reapply for non-degree/diploma admission. Non-degree/diploma seeking students are not eligible for financial aid. Non-degree/diploma students must pay for courses prior to starting class using non-Title IV funds. Tuition and fees are the same for degree seeking and non-degree/diploma seeking students and can be found in tuition and fees section of the catalog addendum. Non-degree/diploma students will be held to the same code of conduct, attendance, refund policies, and all other guidelines as set forth in the campus catalog.

Enrollment for non-degree/diploma seeking students is on a space-available basis only. Course selections may be limited. Many courses include prerequisite/corequisite requirements. (See course descriptions for details regarding specific courses). Non-degree/diploma seeking students must provide proof that course prerequisites have been met prior to enrolling in the respective course(s). Failure to meet these preliminary requirements may result in being dropped from the course(s).

RE-ENROLLMENT AND RE-ENTRY POLICY

Former students of Remington College who have dropped or been dropped and who wish to return to Remington College to re-enroll into the same program in which they were previously enrolled, or to re-enter Remington College in a different program are generally eligible to re-enroll or re-enter provided that:

- It has been less than 10 years since the date on which the former student ceased enrollment at Remington College,
- The program into which the former student wishes to re-enroll or to enter is being offered by the Campus at the time, and
- He or she meets the eligibility requirements for enrolling in the program that are applicable at the time.

Former students who have been out of Remington College for more than one year but less than ten years and who earned a cumulative GPA of less than 2.5 during their prior enrollment will be eligible to re-enroll or re-enter only with the express written approval of the Provost, which approval shall be at the sole discretion of the Provost.

Former students wishing to re-enroll or re-enter must have completed an Application no later than the close of business on the Tuesday preceding the start date of the term into which they seek to re-enroll or re-enter.

Note: Program requirements of the various programs may change over time. Accordingly, students wishing to re-enroll should be aware that some or all of the credit hours earned during their prior enrollments may not qualify for credit toward the current program requirements.

The eligibility of the Applicant seeking to re-enroll or re-enter is subject to the following criteria:

ACADEMIC CRITERIA

- 1) Former students who were dropped for violating the Student Code of Conduct ("SCC") are not eligible to reenroll or re-enter.
- 2) Former students who were dropped for failure to maintain Satisfactory Academic Progress ("SAP") are not eligible to re-enroll.
- 3) Former students must have completed and executed both an Application and an Enrollment Agreement which has been executed by an authorized representative of Remington College and both documents must have been fully executed prior to the beginning (start time) of the class or term into which the Applicant is attempting to re-enroll or re-enter.
- 4) Former students who have dropped three times are not eligible to re-enroll or re-enter except this limitation can be waived in rare and special circumstances ONLY by the Provost of Remington College.

Note: Occasionally, students will be dropped by Remington College for administrative reasons, such as when a class needed by the student is not being offered in the upcoming term. Such drops will be recorded as "Administrative Drops" and will NOT be counted as a "drop" for purposes of the three drop limitation described above.

FINANCIAL CRITERIA

Former students seeking to re-enroll or re-enter must have made satisfactory financial arrangements in order to be eligible to re-enroll or re-enter. Generally the financial arrangements will be deemed satisfactory if the Applicant has demonstrated his or her ability to pay his or her cost of attendance for the re-enrollment or re-entry and satisfactorily address any outstanding balances from their prior enrollment.

OTHER CONSIDERATIONS

Notwithstanding the above provisions, the Director of Campus Administration has the authority to determine that a former student is not eligible to re-enroll or re-enter if, in the opinion of the Director of Campus Administration, the re-admittance of the former student would be detrimental to the Campus and its students.

NONDISCRIMINATION POLICY

The Campus does not deny admission or discriminate on the basis of age, race, sex, religion, national origin, veteran's status, disability, or sexual orientation. The Campus does not make any pre-admission inquiries regarding an individual's disability. The Campus admits students of any race, color, national and ethnic origin or other protected characteristic to all rights privileges, programs and activities generally accorded or made available to students at the Campus. The Campus does not discriminate on the basis of race, color, national and ethnic origin or other protected characteristic in the administration of its educational policies, scholarship and loan programs and other Campus administered programs. In addition, the institution complies with the Civil Rights Act of 1964, related Executive Orders 11246 and 11375, Title IX of the Education Amendments Act of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, the Americans with Disabilities Act of 1990 and all applicable state civil rights laws.

ADMISSION OF DISABLED INDIVIDUALS

Remington College does not discriminate against persons with disabilities that can satisfy Remington College's admission requirements and recognizes such person's right to participate in or benefit from the educational programs offered by Remington College. When necessary, Remington College will make reasonable accommodations to enable students to participate in the programs offered by Remington College.

ACCOMMODATIONS FOR DISABLED INDIVIDUALS

When necessary, Remington College will make reasonable accommodations to enable students with disabilities to participate in the programs offered by Remington College. If an applicant or current student has a disability that might require an accommodation, notice must be given to Remington College so that the disability can be evaluated and reasonable methods for accommodating the disability can be investigated and developed. While Remington College will make an effort to accommodate all disabilities, certain disabilities may not be capable of a reasonable accommodation.

Applicants for admission should notify their Admissions Representative of their disability and immediately schedule a meeting with the Director of Campus Administration. The Director of Campus Administration will assist them in having their disability evaluated and in determining what reasonable accommodations can be made to enable them to participate in the programs offered by Remington College. Some accommodations may take time to implement, and thus, applicants must give Remington College notice of their disability sufficiently in advance of their selected start date to enable Remington College to provide an accommodation timely. If Remington College does not receive sufficient advance notice of a disability, the applicant's start date may be delayed.

Students who have been attending classes and subsequently need to have a disability accommodated must notify the Campus Dean at Remington College and schedule a meeting with the Director of Campus Administration. The Director of Campus Administration will assist them in having their disability evaluated and in determining what reasonable accommodations can be made to enable them to continue to participate in the programs offered by Remington College. Some accommodations take time to implement, and thus, students must give Remington College notice sufficiently in advance of the date when an accommodation needs to be made to enable Remington College to make an accommodation that will meet the students' needs and avoid the interruption of their participation in a program.

Remington College has certain facilities and services available to enable disabled individuals who are otherwise qualified for admission to Remington College to participate in Remington College's educational programs. The facilities physical accommodations for disabled students include, but are not limited to: disabled student parking, wheelchair ramps for access to the facility, accessibility for disabled students to classrooms, laboratories, the Information Resource Center, student break rooms, restrooms, and support services areas at Remington College. If Remington College has multiple floors either an elevator is available or classes will be taught on floors accessible by disabled students or some other accommodation will be made.

Any student with an impairment of sensory, manual, or speaking skills will be assisted with the provision of auxiliary educational aids when necessary. Auxiliary aids include interpreters or other effective methods of making orally delivered materials available to students with hearing impairments. Remington College accepts third-party payment for auxiliary aids and services from agencies such as rehabilitation services or charitable organizations.

The use of the grievance procedure set forth in this Catalog is also available to address the concerns and needs of disabled students. Remington College has designated the Director of Campus Administration to function as the "Campus Section 504 Coordinator" to both receive discrimination complaints from disabled students and to coordinate with Remington College's Title IX Civil Rights Coordinator/Section 504 Compliance Coordinator regarding Remington College's compliance with the Rehabilitation Act of 1973 (504), 29 U.S.C. §794, as amended and the American with Disabilities Act of 1990. The Title IX Civil Rights Coordinator/Section 504 Compliance Coordinator's address is: Remington College, 9451 Lyndon B. Johnson Freeway, Suite 200, Dallas, TX 75243, and the telephone number is 407-562-5689.

TUITION AND ADDITIONAL FEES

PROGRAM TUITION

Tuition charges, application fees, and any additional fees applicable are set forth in the addendum to the Catalog provided during the enrollment process and are set forth specifically in the Application and Enrollment Agreement.

COSMETOLOGY DIPLOMA PROGRAM

Tuition is posted to the student's account based on the amount calculated by multiplying the scheduled clock hours in a payment period (term) at the cost per clock hour rate specified in the Application and Enrollment Agreement. ALL OTHER PROGRAMS

This applies to all graduates unless exempted elsewhere in this Catalog or exempted under applicable state law. Any additional transcript requests will be charged \$15.00 per transcript for official transcripts and \$15.00 per transcript for unofficial transcripts.

PAYMENT POLICY

All Tuition and fees shall be due and payable in accordance with the terms of the Application and Enrollment Agreement executed by the student, which provides that Tuition and fees for the program are due and payable in full prior to the first day of classes. As set forth in the Application and Enrollment Agreement, Remington College may permit the student to make payment of some or all of the Tuition at a later date but shall have no obligation to do so, and any decision to allow payment at a later date shall be in the sole discretion of Remington College. Remington College will grant students a Tuition payment deferral if, and only if, Remington College has a reasonable basis to believe that the student will receive financial aid or other financial assistance from a funding source acceptable to Remington College, in its sole discretion, in an amount acceptable to Campus. The student's obligation to pay Tuition under the Application and Enrollment Agreement is not contingent upon the student receiving financial aid or financial assistance. Stated otherwise, the student will owe the Tuition due under the Application and Enrollment Agreement for the period the student attends, even if the student does not receive financial aid or other financial assistance or if the financial aid or other financial assistance received is inadequate to pay the student's Tuition obligations in full.

The Campus will not impose on any Covered Individual any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a Covered Individual borrow additional funds because of a Covered Individual's inability to meet his or her financial obligations to the Campus due to the delayed disbursement of funding or payment to be provided by the U.S. Department of Veterans Affairs provided the Covered Individual: (1) furnishes the Campus with a certificate of eligibility for entitlement to educational assistance under Chapter 31, Vocational Rehabilitation, or Chapter 33, Post 9/11 GI BILL® no later than the first day a Covered Individual starts his/her program of study for which the individual has indicated the individual wishes to use the individual's entitlement to educational assistance; (2) submits a written request to use such entitlement; and (3) provides additional information necessary for the proper certification of enrollment by the Campus. For purposes of this section, Covered Individual means any student who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation, or Chapter 33, Post 9/11 GI BILL® benefits.

FINANCIAL AID AND OTHER FINANCIAL ASSISTANCE

GENERAL INFORMATION

Financial aid, as the term is used in this document, means funds made available to assist students through governmental programs. Financial assistance means non-governmental sources of funds made available to assist students.

The purpose of financial aid is to assist those students who, without such aid, would be unable to attend college. Eligibility for financial aid is determined by the department or agency responsible for administration of the financial aid program, for example, the United States Department of Education ("USDE") administers the Title IV financial aid programs. This Campus participates in the Title IV programs, but it does so only to assist students in obtaining financial aid available under the Title IV programs. Remington College has no role in determining whether a student is eligible for financial aid.

Applications for financial aid are accepted at any time, and students are encouraged to apply in advance of the beginning of their program and academic years in order to allow adequate time for the USDE to determine the amount of financial aid, if any, that the student is eligible to receive. Students may only apply for, be accepted in, be actively registered in, and receive financial aid for one program at a time.

FINANCIAL NEED, EXPECTED FAMILY CONTRIBUTION ("EFC"), AND ELIGIBILITY AMOUNT

A student's financial need is used to determine what financial aid a student may be eligible to receive under the financial aid programs administered by the USDE. Financial need is the difference between the costs of attendance (as defined by the regulations governing the financial aid program), less the financial resources available to the student. The costs of attendance include Tuition and fees, and may include other costs such as books, supplies, room and board, personal expenses, and related expenses of the students' dependents, if any.

The EFC is a measure of the students financial strength and indicates how much of the students and the students family financial resources (for dependent students) should be available to help pay for educationally related expenses. The EFC is calculated from the information students report on the FAFSA and according to a formula established by law. The student's family income (taxable and untaxed) and assets are considered in determining the EFC. Family size and the number of family members who will be attending college are also considered.

Remington College will provide the student with a preliminary estimate of the Title IV financial aid the student may be eligible to receive. This preliminary estimate will be based on the information provided to Remington College by the student or the student's parents. Remington College cannot assure the student that the estimates provided will be the amount the student is ultimately determined to be eligible to receive. The failure of the student or student's parent to provide any required or requested information necessary to make an application for or to receive financial aid could prevent the student from receiving such financial aid. The amount of financial aid a student is eligible to receive can change each academic or financial aid award year.

Remington College makes no guarantee of the amount of financial aid a student will receive, if any. The determination of whether a student is eligible to receive and the amount of such aid, if any, a student may receive is made by the USDE, and Remington College does not have any influence over that determination. Continuation of financial aid awards is contingent upon continued government funding of financial aid programs.

TITLE IV AWARDS

All Title IV financial aid awards are made for one financial aid award year or less. The amount of financial aid a student is eligible to receive can change each financial aid award year. To continue eligibility for Title IV financial aid, a student must submit all required financial aid documents each financial aid award year, continue to demonstrate financial need, and:

- 1) Remain in good standing with Remington College,
- 2) Maintain Satisfactory Academic Progress ("SAP"), and
- 3) Not have a drug-related criminal conviction which renders them ineligible.

FEDERAL TITLE IV FINANCIAL AID, ELIGIBILITY REQUIREMENTS AND APPLICATION PROCEDURES

STUDENT ELIGIBILITY

In order to receive aid from Federal Student Aid Programs, students must meet certain criteria as noted below:

Financial Need

Except for some loan programs, students must show that they have financial need according to the USDE requirements. See Financial Need and Expected Family Contribution section of this Catalog for further information on this topic.

Education Requirements

- Must demonstrate by one of the following means that they are qualified to enroll (and therefore may be eligible) for Federal Student Aid (FSA) Programs:
 - Have a high school diploma or General Educational Development (GED) certificate;
 - Pass an approved ability-to-benefit (ATB) test;
 - Meet other standards a specific state has established and has been approved by the USDE;
 - Complete a high school education in a home school setting approved under state law.
- Must be enrolled or accepted for enrollment in an eligible program at an eligible institution.
- Must meet satisfactory academic progress standards established by the institution.

Legal and Other Requirements

- Must be a U.S. Citizen or eligible non-citizen.
- Must have a valid Social Security number (SSN), unless you are from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau.
- Must have certified when applying for FSA that these funds will be used for educational purposes only, and that there is no current default on a federal student loan, and that no refund is due on a federal student grant.
- Must comply with Selective Service registration. If the student is a male aged 18 through 25 and has not registered, the student can (at the same time the FAFSA is completed) give the Selective Service System permission to register by means of completing the FAFSA. Students can also register for Selective Service online at www.sss.gov.
- Generally, must not have been convicted for the possession or sale of illegal drugs for an offense that occurred while receiving FSA funds.
- Must not be incarcerated in a federal or state penal institution.

Application for Title IV financial aid and the determination of whether an applicant qualifies for such financial aid and the amount thereof involves the following procedures:

COMPLETION OF APPLICATION

The applicant must complete the Free Application for Federal Student Aid (“FAFSA”) and provide any additional required documents or information for each financial aid award year of their enrollment. All Title IV financial aid awards are made for one financial aid award year or less, and eligibility determinations for Title IV financial aid awards are made each award year. Continuation of financial aid awards is contingent upon continued government funding of financial aid programs and student eligibility for such programs.

DETERMINATION OF NEED, COST OF ATTENDANCE, AND ELIGIBILITY AMOUNT

Congress has established a formula that calculates the amount of Title IV financial aid a student is eligible to receive. A student’s Title IV financial aid may not exceed the “cost of attendance” as defined by applicable Title IV regulations. The information contained in the FAFSA will be used to make this calculation. Remington College will provide the student with a preliminary estimate of the Title IV financial aid the student may be eligible to receive. This preliminary estimate will be based on the information provided to Remington College by the student or the student’s parents. Remington College cannot assure the student that the estimates provided will be the amount the student is ultimately determined to be eligible to receive. The failure of the student or student’s parent to provide any required or requested information necessary to make an application for or to receive financial aid could prevent the student from receiving such financial aid. The amount of financial aid a student is eligible to receive can change each academic or financial aid award year. Remington College makes no guarantee of the amount of financial aid a student will receive, if any. The determination of whether a student is eligible to receive and the amount of such aid, if any, that a student may receive, is made by the USDE, and Remington College does not have any influence over that determination.

VERIFICATION

- All applicants are subject to being selected by the USDE for verification and, if selected, will be required to submit the information necessary to verify their eligibility to receive Title IV financial aid.
- Selected applicants must submit the information required to complete their verification no later than 14 days from the date of notification. Applicants who have been selected for verification will be notified by the Student Finance Department.
- If the applicant or student fails to provide required documentation within the established time frame, then the applicant or student may be treated as a student not eligible for Title IV funds. In such event, Remington College may require the student to pay the current amount owed to Remington College, and the student’s failure to make such payments may result in the student being dropped.
- Students will be notified by mail of the results of verification if it results in a change of the student’s scheduled award.
- If there is reason to believe the student is attempting to engage in financial aid fraud, the student will be reported to the Regional Office of the Inspector General or the USDE, or if appropriate, the state or local law enforcement agency having jurisdiction to investigate the matter. Criminal referrals to local or state agencies will be reported on an annual basis to the Inspector General.
- No disbursements of Title IV financial aid will be made prior to the completion of verification.

ENTRANCE AND EXIT INTERVIEW AND LOAN NOTIFICATION

The USDE requires that any students receiving a Federal Direct Loan be notified that their funds have been received by Remington College. The USDE requires that students withdrawing or graduating receive exit counseling. A representative of Remington College will conduct exit counseling with each student who withdraws or graduates either by telephone, mail, or by other electronic communication. The purpose of exit counseling is to inform the student of the amount of loans Remington College has received on behalf of the student while the student was enrolled at Remington College, any refunds that may have been or will be made, and the estimated repayment schedule for the student's loans.

TYPES OF FINANCIAL AID AVAILABLE TO THOSE WHO QUALIFY

FEDERAL PELL GRANT

This grant is designed to assist students in need and who desire to continue their education beyond high school. Federal Pell Grants are awarded by the USDE to undergraduate students who have not earned a bachelor or professional degree. The amount of the grant is determined by a standard formula and calculated by the USDE. The amount of the grant available to the student, if any, will depend on the Expected Family Contribution ("EFC") and the cost of attendance.

FEDERAL DIRECT SUBSIDIZED STAFFORD LOAN

Federal Direct Subsidized Stafford Loans are low interest loans that are made to eligible students directly from the U.S. Department of Education. The Federal Direct Subsidized Stafford Loan is awarded based on financial need. Interest charges are not incurred for amounts borrowed under the Subsidized Stafford Loan program until the student enters "repayment period," which as a general rule begins six months after the student leaves school.

FEDERAL DIRECT UNSUBSIDIZED STAFFORD LOAN

Federal Direct Unsubsidized Stafford Loans are loans made to eligible students directly from the U.S. Department of Education. The term "unsubsidized" means that interest expense is incurred from the time advances are made under the loan, even though no payments are due until the student enters the repayment period.

FEDERAL DIRECT PLUS LOAN

Federal Direct PLUS Loans are available to parents of dependent students to help pay for the educational expenses of the student. Federal Direct PLUS loans are not based on need, but when combined with other financial resources, cannot exceed the student's cost of attendance. Repayment begins within 60 days of the final loan advance (disbursement), unless the parent qualifies for and is granted a deferment by the lender. Interest begins to accrue when disbursements are made.

- There is an origination fee charged on the loan amount at a rate determined by the regulations.
- The yearly limit on a Federal Direct PLUS Loan is equal to the student's cost of attendance minus any other financial aid received or financial resources available.
- The parent must pass a credit check to qualify for a Federal Direct PLUS Loan.

NON-FEDERAL LOAN OPTIONS

In addition to the federal loans referenced above, Remington College can provide students with information on other loan programs available. These loan programs, commonly referred to as "alternative loans" or "private financing," are offered by banks or other financial institutions, and eligibility determinations are made by the banks or financial institutions and are not within the control or influence of Remington College. Accordingly, Remington College cannot guarantee a student's eligibility to participate in any private financing programs.

VETERAN'S BENEFITS

The Campus is approved for veterans training. Applications for veteran's benefits may be obtained at the Campus or from the Veterans Administration ("VA"). Approval of a student's eligibility to receive any veteran's benefits is within the sole discretion of the Veterans Administration, and the Campus has no ability to influence such determinations.

The Campus will not impose on any Covered Individual any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a Covered Individual borrow additional funds because of a Covered Individual's inability to meet his or her financial obligations to the Campus due to the delayed disbursement of funding or payment to be provided by the U.S. Department of Veterans Affairs provided the Covered Individual: (1) furnishes the Campus with a certificate of eligibility for entitlement to educational assistance under Chapter 31, Vocational Rehabilitation, or Chapter 33, Post 9/11 GI BILL® no later than the first day a Covered Individual starts his/her program of study for which the individual has indicated the individual wishes to use the individual's entitlement to educational assistance; (2) submits a written request to use such entitlement; and (3) provides additional information necessary for the proper certification of enrollment by the Campus. For purposes of this section, Covered Individual means any student who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation, or Chapter 33, Post 9/11 GI BILL® benefits.

Post-9/11 GI Bill® students who receive Monthly Housing Allowance (MHA) and/or kicker payments are required to electronically verify their enrollment with the VA in order to continue receiving their payments. Students who fail to verify or report that they are no longer enrolled in their courses or training will have their MHA and/or kicker payments withheld by the VA. For additional information, please visit https://benefits.va.gov/gibill/isaksonroe/verification_of_enrollment.asp.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <https://www.benefits.va.gov/gibill>.

Students may also, if eligible, receive financial aid from various other state or federal agencies, departments, or programs including, but not limited to: the Bureau of Indian Affairs, the Trade Readjustment Allowances (“TRA”), the Division of Vocational Rehabilitation, or under the Workforce Investment Act (“WIA”). The Campus may be able to provide additional information about these financial aid programs. EXPLANATION OF COURSE NUMBERING SYSTEM

The course numbering system is a classification system based on course content and level of degree program. A course is identified by a prefix and level code.

- Prefix – An abbreviation is used to identify the program or content area. For example: MA represents Medical Assisting.
- Level – A number follows the prefix.

Admissions Criteria 100 and 200 Level Courses – The associate degree or diploma programs use 100 or 1000 and 200 or 2000 level numbers. The first digit typically indicates the level of the course. Lower division courses in the associate degree or diploma programs are given a 100 or 1000 level number. Courses in the upper division of the associate degree or diploma programs that may have a prerequisite requirement are given a 200 or 2000 level number.

B	Very Good	80% to 89%	3.0	Y
C	Good	70% to 79%	2.0	Y

TR-A***	Transfer Credit	90% to 100%	4.0	Y
TR-B***	Transfer Credit	80% to 89%	3.0	Y
TR-C***	Transfer Credit	70% to 79%	2.0	Y
W	Withdrawal		0.0	N

*For exceptions, see Repeating a Course section.

**TR designates credits transferred from any college other than a Remington College campus.

***TR-A, TR-B, and TR-C designates credits transferred from another Remington College campus. The A, B, or C indicates the grade the student received at the other Remington College campus.

At the successful completion of all courses in a program, the student is eligible to receive a degree or diploma provided the program has been completed with no less than a 2.0 Cumulative Grade Point Average ("CGPA"). The grade point average for the Grading Period is determined by multiplying the number of credit hours for each course by the number of points identified for each grade outline set forth above and dividing by the total number of credits for the Grading Period. Students will be provided progress reports of their academic status at the conclusion of each Grading Period.

A student's expected graduation date may change as a result of a course withdrawal, incompleteness or failure. Students will be notified in writing if there is a change in their expected graduation date.

WITHDRAWAL FROM A COURSE

Students who withdraw (voluntarily or involuntarily) from a course after the drop/add period will be assigned the following grade(s):

- A "W" if student drops/is dropped before 50% of Grading Period is completed.
- A "W" if more than 50% of the Grading Period has been completed AND student has a passing grade at the point in time when student drops/is dropped.
- An "F" if failing after 50% of Grading Period.

REPEATING A COURSE

If a student repeats a course, the highest grade will be used (and all prior grades will be ignored) in calculating the CGPA. Students who repeat courses will be charged to repeat the course at the cost per credit hour as set forth in the Application and Enrollment Agreement. If a required course is failed, it must be taken again.

INCOMPLETE GRADES

Students at Remington College are expected to complete their coursework during the academic term in which they are enrolled in the course. If a student is unable to complete their coursework during the term in which they are enrolled in the course, the student may submit a request to have a grade of "I" (incomplete) temporarily recorded. To be eligible for a grade of I, the student must have submitted passing work during the course.

A request for a grade of I must be submitted in writing to the instructor of record for the course during the final week of the course, unless an emergency preventing the student from completing the course arises sooner, in which case the request may be submitted prior to the final week of the course. The decision to approve the request for a grade of I is at the discretion of the instructor of record for the course. If an emergency prevents a student from submitting the written request before the end of the course, the request must be approved by the Provost's Office.

If the student's request for a grade of I is approved, course requirements must be completed and submitted on or before the seventh day from the last day of the term (for example: if the term ends on Thursday, then all course requirements must be submitted not later than Thursday of the following week). Certain course requirements may not be eligible for submission during the incomplete period.

GRADES IN ERROR

If a student believes he/she received a grade in error, the student may request a review of the grade received. The request must be made in writing to the Campus Dean within 30 days of the end of the Grading Period for which the grade is disputed. (Students who are not satisfied with the results of the requested review may file a grievance. See Dispute Resolution Procedures and Alternatives Section.)

LEAVE OF ABSENCE

Remington College will allow a student enrolled in a program to request a leave of absence ("LOA") from his or her program of up to one hundred eighty (180) calendar days from the student's last date of attendance prior to the commencement of the LOA. A student must be meeting Satisfactory Academic Progress standards at the time of the LOA request. Acceptable reasons for leave of absence include, but may not be limited to: Medical (self or care for others/family), Financial/Work Related, Military, Childcare, Personal (must be approved by the Provost or designee), Natural Disaster or Emergency, course not offered, or other reasons as mandated by federal or state agencies, laws, or guidelines. Documentation may be required for approval of the LOA. At Remington College an LOA, when approved, will last for no less than one academic quarter.

A written request for a LOA must be submitted by the student on an LOA Application Form which may be obtained from the Campus Dean or Administrator. An LOA will not be granted unless Remington College's Provost (or designee) determines that there is a reasonable expectation the student will resume their program within the LOA period. Students enrolled in programs that are being discontinued will not be granted a leave of absence if, upon returning from a leave of absence, the student will not be able to complete the program prior to its termination because of limited course availability. All LOA requests must be reviewed and approved by Remington College's Provost (or designee). If a medical emergency prevents the student from applying in writing in advance, the Provost (or designee) may approve an exception, in his/her sole discretion, based on the individual circumstances. Documentation may be required to substantiate the inability to request the LOA in advance.

A student can request an extension to his or her leave of absence, not to exceed a combined total of 180 days, by submitting the LOA application and any supporting documentation that would warrant an extension. The LOA request will be reviewed by the Provost (or designee). The extension, if approved, must be for the consecutive academic quarter. The request must be made prior to the scheduled return date of the original LOA. A student who fails to return from a Leave of Absence on the first available course following their return date will be withdrawn from the program. A student's failure to return from a leave of absence may impact the loan repayment terms of a student's Title IV program loans including the exhaustion of the student's entire grace period.

In some instances, a non-standard Leave of Absence can be granted in the middle of an active course. In those instances, the Leave of Absence must be requested (following the LOA procedures) and approved prior to the start date of the leave. Students taking a non-standard LOA will receive a grade of "W" and will repeat the course upon return with no additional charges. Students with less than 50% of the course remaining can request an Incomplete "I" and complete any remaining coursework within 7 days of their return from leave.

NON-LOA TEMPORARY LEAVE

In some cases, a Non-LOA Temporary Leave may be requested by students attending module-based courses within an academic quarter. Students can, in lieu of being temporarily dropped from the program, request a temporary leave. This amount of time cannot exceed one module within an academic quarter unless extended due to National Disaster or Emergency. In rare circumstances, a student may need a course that is not being offered in a specific module within a quarter. The college will make reasonable efforts to ensure the courses needed are offered and will work with each student to create a completion plan in situations where the student has failed courses or dropped and re-entered into the program.

The request for temporary leave can only be approved for a single module within a quarter for situations where a course is unavailable or one of the qualifying LOA conditions noted above are presented. The student must make the request no later than the last date of the student's current module. Students can request this temporary leave by completing the Leave of Absence form with a reason of Course Not Offered or Temporary Leave with Intent to Resume. The leave must be approved by the Provost or designee.

A student who fails to return from a Non-LOA Temporary Leave on the first available course following their return date will be withdrawn from the program. A student's failure to return from a Non-LOA Temporary Leave may impact the loan repayment terms of a student's Title IV program loans including the exhaustion of the student's entire grace period.

In some instances, a non-standard Temp Leave can be granted in the middle of an active course. In those instances, the Temp Leave must be requested (following the Non-LOA Temp Leave procedures) and approved prior to the start date of the leave. Students taking a non-standard Temp Leave will receive a grade of "W" and will repeat the course upon return with no additional charges. Students with less than 50% of the course remaining can request an Incomplete "I" and complete any remaining coursework within 7 days of their return from leave.

SATISFACTORY ACADEMIC PROGRESS POLICY AND REQUIREMENTS

All students must meet the Remington College's minimum standards of academic achievement and course completion progress requirements while enrolled at Remington College. Remington College will provide for electronic notification to students via email or posting to the student portal of the results of a SAP evaluation that impacts Title IV eligibility, which includes notification to any student that may be eligible for Title IV aid, regardless of whether they currently receive aid.

Remington College's satisfactory academic progress standards ("SAP") have two primary components: one is qualitative and the other is quantitative. The qualitative component requires certain minimum cumulative grade point averages be achieved as of certain measuring points and the quantitative component requires completing courses at a certain pace in order to complete an educational program within the allowed maximum timeframe. The qualitative and quantitative components of SAP are evaluated as of each Minimum Measurement Point based upon grades, credit hours attempted and credit hours completed as indicated on a student's transcript as of the end of the Grading Period ending contemporaneously with the most recent Minimum Measurement Point being reached. Minimum Measurement Points occur at the end of each Quarter and in addition thereto, at the applicable Minimum Measuring Point as a percent of Program Length indicated in the charts below.

Remington College's satisfactory academic progress standards are the same for all students without regard to whether they receive financial assistance under Title IV, HEA programs ("Title IV") or other financial aid and applied consistently to all students without regard to whether they are a full-time or part-time student. A student that fails to satisfy the SAP requirements at any Minimum Measuring Point and is not placed on either Financial Aid Warning or Financial Aid Probation status shall no longer be eligible to receive assistance under the Title IV programs.

SATISFACTORY ACADEMIC PROGRESS DEFINITIONS

"Appeal" means the appeal by a student of a determination by the School that a student has not meet the SAP requirements and is commenced by submitting an Appeal Request in compliance with the Appeal Procedures set forth below in the Satisfactory Academic Progress Appeals and Waivers section of this Catalog.

"Appeal Procedures" means the procedures set forth below in the Satisfactory Academic Progress Appeals and Waivers section of this Catalog that a student must follow to Appeal a determination that a student has failed to satisfy SAP standards and to obtain Financial Aid Probation status.

"Appeal Request" means a written document that contains the information required by the Appeal Procedures set forth below in the Satisfactory Academic Progress Appeals and Waivers section of this Catalog.

"CGPA" means a student's cumulative grade point average calculated as set forth below in the Qualitative Component of Satisfactory Academic Progress section of this Catalog.

"Grading Period" is a period of instruction for which the student receives a final grade that is recorded on a student's transcript for a particular course.

"Financial Aid Probation" means the status assigned by the School to a student who (i) is on Financial Aid Warning status and fails to make satisfactory academic progress at the end of the first Quarter or other Minimum Measuring Point occurring after student was placed on Financial Aid Warning status; (ii) has appealed the SAP failure determination made by the School and (iii) after considering the Appeal, the School has determined the student should be able to meet SAP requirements in the next Quarter or the School has developed an academic plan that if followed will insure the student is able to meet SAP requirements by a specific time.

"Financial Aid Warning" means the status assigned to a student who is on SAP Met status and subsequently fails to satisfy SAP requirements at the end of a Quarter or as of any other Minimum Measuring Point.

"Minimum CGPA" shall have the meaning consistent with the set forth below in the Qualitative Component of Satisfactory Academic Progress section of this Catalog, which is the minimum cumulative grade point average.

"Minimum Pace of Completion" shall have the meaning consistent with the meaning set forth below in the Quantitative Component of Satisfactory Academic Progress section of this Catalog, which is the minimum number of credits hours earned after attempting a certain number of credit hours (degree and diploma programs) or a minimum number of clock hours earned after attempting a certain number of clock hours. The specific Minimum Pace of Completion Requirement as of each Minimum Measuring Point for various programs are delineated in the Minimum Satisfactory Academic Progress charts set forth below.

"Minimum Percentage of Total Clock Hours in Program Completed Requirement" shall have the meaning consistent with the meaning set forth below in the Quantitative Component of Satisfactory Academic Progress section of this Catalog, which is the number of completed clock hours required as a percentage of the total clock hours in the program as of each Measuring Point in Clock Hours Attempted, The specific Minimum Percentage of Total Clock Hours in Program Completed Requirement as of each Minimum Measuring Point for various programs are delineated in Minimum Clock Hours Completed Requirements (Diplomas Cosmetology) chart set forth below in the Quantitative Component of Satisfactory Academic Progress section of this Catalog.

"Minimum Measurement Point" shall mean the end of each Quarter as defined herein for each program classification and in addition thereto the applicable Minimum Measuring Point as a percent of Program Length and Minimum Measuring Point in Credit Hours Attempted indicated in the charts set forth below.

"MTF" shall have the meaning consistent with the meaning set forth below in the Satisfactory Academic Progress section of this Catalog, which is maximum timeframe for completion of a program.

"Payment Period" as used in this policy means 500 clock hours.

"Quarter" is defined differently for students based upon program type or date the student starts class. "Quarter" means a period of time which generally consists of twelve (12) weeks of instructional time, but never less than ten (10) weeks of instructional time.

QUALITATIVE COMPONENT OF SATISFACTORY ACADEMIC PROGRESS

The qualitative component of SAP requires the achievement of specified minimum cumulative grade point average ("Minimum CGPA") as of certain measuring points which are defined above as the Minimum Measuring Points. Except as provided below, the cumulative grade point average, CGPA, is calculated using the grades for all courses for which a grade was received, other than a "W", or "I" during the Grading Periods in which the courses were completed as of the time a Minimum Measurement Point is reached.

If a student receives the temporary grade of "I", the grade received upon completion of the course or "F" if the course is not completed within time allowed for completion will be used to calculate the CGPA. However, if a student repeats a course, without regard to whether the previous grade was a failing or a passing grade, the new grade will be used and all prior grades for the repeated will not be included in the grades used to calculate the CGPA. The grades received for credit or clock hours from another institution, other than another Remington College campus, that are accepted for transfer towards a student's program will not be included in the calculation of the CGPA but will be included in the determination of the Minimum Measurement Point. The grades received for credit or clock hours from another Remington College campus, that are accepted for transfer towards a student's program will be included in the calculation of the CGPA and will be included in the of the determination of the Minimum Measurement Point. The Minimum Satisfactory Academic Progress chart below lists program lengths and the Minimum CGPA required at the end of the Grading Period wherein each of the Minimum Measurement Points is initially met or exceeded.

If a student's CGPA falls below the minimum required CGPA at any Minimum Measuring Point, the student will be notified in writing of the consequences of not maintaining satisfactory academic progress including if such failure will impact a student's Title IV eligibility, cause the student to receive a Financial Aid Warning or require student to Appeal the determination to be placed on Financial Aid Probation to have Title IV eligibility reinstated.

QUANTITATIVE COMPONENT OF SATISFACTORY ACADEMIC PROGRESS

The quantitative component of SAP requires the completion, as of the Minimum Measuring Points, of either a minimum number of credits hours after attempting a certain number of credit hours (degree and non-cosmetology/nail technician, diploma programs) or a minimum number of clock hours after attempting a certain number of clock hours. For degree programs, the Quantitative Component is measured at each Minimum Measuring Point as a percentage credits earned out of the total credits attempted in the program. For diploma Cosmetology and Nail Technician programs the number of clock hours required to be completed as of each Minimum Measuring Point is measured as a percentage of the total clock hours required to complete the program that will have been attempted by a student as each Minimum Measuring Point is reached which is defined below as the Minimum Percentage of Total Clock Hours in Program Completed Requirement. The quantitative component of SAP measures whether a student is progressing through the program at a rate that will ensure the student graduates within a maximum timeframe. The maximum timeframe ("MTF") for completion of a program is one and one-half times the program length. The MTF is measured in credit hours for credit hour courses and clock hours for clock hour courses.

The number of credit hours or clock hours required to be completed depends upon the length of the program. A credit hour or clock hour is completed when a grade other than "W" or "I" is assigned to the credit or clock hour. If a student receives the temporary grade of "I", the grade received upon completion of the course or "F", if the course is not completed within time allowed for completion, will be used to determine the number of completed credit or clock hours used to measure whether the Minimum Pace of Completion Requirement or Minimum Percentage of Total Clock Hours in Program Completed Requirement has been satisfied as of a Minimum Measuring Point. The credit or clock hours assigned to courses for which a student receives a "W" will be included in the determination of the number of credit or clock hours attempted that is used to measure whether the Minimum Pace of Completion Requirement or Minimum Percentage of Total Clock Hours in Program Completed Requirement has been satisfied as of a Minimum Measuring Point. The credit or clock hours from another institution, including another Remington College campus, that are accepted for transfer towards a student's program will be included as both credit or clock hours attempted and completed in the determination of whether the Minimum Pace of Completion Requirement or Minimum Percentage of Total Clock Hours in Program Completed Requirement has been satisfied as of a Minimum Measurement Point. Courses repeated will be included as both credit or clock hours attempted and completed in the determination of whether the Minimum Percentage of Total Program Credit Hours Completed Requirement or Minimum Percentage of Total Clock Hours in Program Completed Requirement has been satisfied as of a Minimum Measurement Point. The number of credit or clock hours completed and attempted as indicated on a student's transcript at the end of the Grading Period ending contemporaneously with the most recent Minimum Measurement Point being reached will be used to determine if the Minimum Pace of Completion Requirement or Minimum Percentage of Total Clock Hours in Program Completed Requirement has been satisfied as of a Minimum Measurement Point.

The Minimum Satisfactory Academic Progress Requirement chart below lists program lengths and the Minimum Pace of Completion Requirement that must be satisfied as of each respective Quarter for degree students. The Minimum Clock Hours Completed Requirement charts below lists program lengths, measuring points in clock hours attempted and the Minimum Percentage of Total Clock Hours in Program Completed Requirement that must be satisfied as of each respective Minimum Measuring Point for diploma students..

	2.00	50%	8 months (1000 hours)
	2.00	100%	12 months (1500 hours)

If a student cannot complete the program within the MTF, the student will be notified in writing that the student will not be able to meet the SAP requirements and that as a consequence the student will be dropped and such failure will impact a student's eligibility to receive assistance under the Title IV programs.

Satisfactory Academic Progress Statuses

SAP Met Status

A "SAP Met" status indicates that at the established measurement points the student satisfied all SAP evaluation criteria. A student with SAP Met status remains eligible for Title IV funding.

Financial Aid Warning Status

A Financial Aid Warning status indicates a student who was on SAP Met status subsequently fails to satisfy satisfactory academic progress standards at the end of a Quarter or any other Minimum Measuring Point.

Financial Aid Probation Status

A Financial Aid Probation status indicates a student who is on Financial Aid Warning status fails to meet satisfactory academic progress standards at the end of the Quarter or other Minimum Measuring Point first occurring after student was placed on Financial Aid Warning status; that has appealed the SAP failure determination and the School has determined the Student should be able to meet SAP requirements in the next Quarter or the School has developed an academic plan that if followed will insure the student is able to meet SAP requirements by a specific time.

Financial Aid Warning

A student on SAP Met status who subsequently fails to meet a qualitative or quantitative component of the SAP requirements set forth above will be placed on Financial Aid Warning status. If the student satisfies the requirements of a failed SAP component as of the next Minimum Measuring Point for the component failed, the student will be acknowledged as having met SAP requirements for that component. If a student fails both components the student must satisfy the SAP requirements applicable to each component to be removed from Financial Aid Warning and gain SAP Met status. A student removed from Financial Aid Warning will be classified as SAP Met status.

The student remains eligible for Title IV while on Financial Aid Warning status.

Financial Aid Probation

If a student on Financial Aid Warning status does not meet the minimum SAP requirements for a failed component at its next Minimum Measuring Point and the student Appeals the determination that the student failed to meet SAP standards, the student will be placed on Financial Aid Probation status if the School determines the student should be able to meet the SAP requirements by the end of the next Quarter or other Minimum Measuring Point or the School has developed an academic plan that if followed will insure the student is able to meet SAP requirements by a specific time.

A student on Financial Aid Probation will have their Title IV eligibility reinstated and be eligible to receive Title IV disbursements.

If a student placed on Financial Aid Probation status satisfies the requirements of a failed component as of the next Minimum Measuring Point for the component failed occurring after the student is placed on Financial Aid Probation status, the student will be acknowledged as having met SAP requirements for that component. If a student fails both components the student must satisfy the SAP requirements applicable to each component to gain SAP Met status and be removed from Financial Aid Probation status. A student removed from Financial Aid Probation status will be classified as SAP Met status. If a student placed on Financial Aid Probation status does not meet the minimum SAP requirements for a failed component at its next Minimum Measuring Point or the time specified in the student's academic plan if the plan specifies a date beyond the next Minimum Measuring Point, the student will be Dropped for failing to meet SAP requirements unless a waiver is granted by the Provost for Remington College.

A student Dropped for failing SAP requirements will not be eligible to re-enroll or re-enter in any program at any Remington College campus. (See Re-Enrollment and Re-Entry Policy regarding application to Satisfactory Academic Progress Policy.)

SATISFACTORY ACADEMIC PROGRESS APPEALS AND WAIVERS

Students may Appeal a determination that they have not met SAP requirements by submitting an Appeal in writing to the Provost for Remington College or his/her designee in accordance with the Appeal Procedures set forth below. The determination of the Provost for Remington College or his/her designee is final.

Appeal Procedures

To Appeal a determination that SAP requirements have not been met a student must submit a written Appeal request to Provost for Remington College. The Appeal request may be sent by email to academic.sap@remingtoncollege.edu, mailed to the Provost, 9451 Lyndon B. Johnson Freeway, Suite 200, Dallas, TX 75243 or hand-delivered to the Campus Dean at the campus the student attends. The Appeal request must be received by the School on or before end of the Drop/Add period of applicable to the class start date following the notice given to student of their failure to meet SAP requirements.

A student on Financial Aid Warning status that fails to satisfy the SAP requirements as of the end of the Quarter during which the student was on Financial Aid Warning status or by the next Minimum Measuring Point if it occurs before the end of said Quarter must file an Appeal in order to be placed on Financial Aid Probation status and have their Title IV eligibility reinstated. For an Appeal to be granted, the Appeal must be based upon the death of a relative, an injury or illness of the student, or other special circumstances. The student must set forth in the Appeal Request the basis for the Appeal, why the student failed to make satisfactory academic progress, and what has changed in the student's situation that will allow the student to demonstrate satisfactory academic progress at the next evaluation point.

Waiver Procedures

Students who fail to meet SAP requirements while on Financial Aid Probation status, as a result of failing to meet the terms and conditions of the academic plan agreed to as a condition to being placed on Financial Aid Probation status, will be Dropped unless the Student is granted a waiver by the Provost of Remington College. A Student must submit a written request for a waiver to the Campus Dean at the Campus. If the Campus Dean at the Campus determines the waiver request has merit, the waiver request shall be forwarded to the Provost of Remington College for review. A Student will not be eligible to participate in Title IV programs if the waiver is granted until the Student regains eligibility to participate in Title IV programs. See Regaining Title IV Eligibility Section below.

Regaining Title IV Eligibility with Remington College

Students who lose eligibility to participate in Title IV programs as a result of failure to meet SAP requirements after being placed on Financial Aid Probation status can regain eligibility to participate in Title IV programs at Remington College as follows:

1. Absent a change of programs, eligibility to participate in Title IV programs can only be reinstated for a Quarter that occurs after the Student has completed a Quarter while being ineligible to participate in Title IV programs. Students will therefore have to complete at least one Quarter without being eligible to participate in Title IV financial aid programs to regain eligibility to participate in Title IV programs. The determination of the amount of Title IV funds a Student that regains eligibility to participate in Title IV programs after having lost eligibility is eligible to have disbursed will not include the charges incurred while the student had no Title IV eligibility.
2. Students who have two or more Quarters remaining after the Quarter in which the Student lost eligibility to participate in Title IV programs may regain eligibility by meeting SAP requirements at the end of Quarter that occurs after the Quarter in which the Student's eligibility to participate in Title IV programs terminated.
3. Students who do not have two or more Quarters remaining after the Student lost eligibility to participate in Title IV programs may regain eligibility by enrolling in a different program.
4. Students successfully appealing a determination that the student was not making satisfactory progress.

Students who elect to enroll in a program that is different from the one in which the Student was enrolled at the time the Student lost eligibility to participate in Title IV programs will be eligible to participate in Title IV financial aid programs for all Quarters in the new program provided the Student meets the SAP and all other eligibility requirements while enrolled in the new program.

Regaining Title IV Eligibility at Another Post-Secondary Educational Institution

Students may be eligible to regain Title IV eligibility at another post-secondary educational institution.

GRADUATION REQUIREMENTS

A student is eligible for graduation if:

- The student has completed all required courses with a passing grade;
- For programs other than the Cosmetology program, the student has accumulated the total number of credits required for graduation from the program of study;
- For the Cosmetology program, the student has accumulated the total number of clock hours required for graduation from the program of study; and
- The student has achieved a Cumulative Grade Point Average of 2.0 or better.

A graduate who has any outstanding financial obligation to Remington College, including but not limited to graduates on a payment plan, will not be eligible to receive their graduation certificate but may receive an unofficial transcript only. This applies to all graduates unless exempted elsewhere in this Catalog or exempted under applicable state law.

UNIT OF CREDIT/ACADEMIC HOUR DEFINITION

For the Cosmetology program, an academic hour or class is 60 minutes of class, lecture, laboratory instruction and practice or recitation in a 60 minute period.

For programs other than the Cosmetology program, an academic hour or class is 50 minutes of instruction in a 60-minute period. Academic hours are converted into credit hours for programs other than the Cosmetology diploma program to allow for comparison with other post-secondary institutions. One quarter credit hour equals 30 units comprised of the following academic activities:

- one clock hour in a didactic learning environment equals 2 units;
- one clock hour in a supervised laboratory setting of instruction equals 1.5 units;
- one hour of externship equals 1 unit; and
- one hour of out-of-class work and/or preparation designed to measure the student's achieved competency relative to the required subject matter objectives equals 0.5 unit.

ATTENDANCE POLICY FOR PROGRAMS OTHER THAN THE COSMETOLOGY PROGRAM

Remington College considers attendance important to its students' ability to receive the maximum benefit from the educational programs in which they are enrolled. Accordingly, Remington College routinely takes attendance in all its programs and classes, and students are expected and encouraged to attend all the classes for which they are scheduled. Remington College makes no distinction between excused and unexcused absences.

In addition to the academic value students receive from attending as many of the scheduled class sessions as possible, Remington College believes that demonstrating regular and consistent attendance and punctuality helps students to develop good work habits and may improve students' ability to obtain gainful employment upon completion of their educational program. Prospective employers are often interested in a student's attendance record when making hiring decisions or selecting candidates to interview for employment. Success in the workplace requires more than just knowledge. It also requires that employees be reliable, punctual, and committed. Some employers consider a student's attendance history as the best available indicator of whether a student has demonstrated those highly desirable traits.

Students are hereby advised that excessive absences in any class will negatively impact the grade the student receives in that class, with the resultant impact on the student's Cumulative Grade Point Average ("GPA") as set forth below.

Make-up work (i.e. assignments or other class-related work) is not a substitute for attendance. Any make-up work performed by a student shall have no effect on the student's attendance record. In no circumstance shall make-up work be recorded as attendance or be used as a basis for modifying a student's attendance records.

METHOD OF RECORDING ATTENDANCE IN RESIDENTIAL CLASS SESSIONS

A student will have attendance recorded only if, in the judgment of the instructor, the student attends or participates in "substantially all" of the class session.

Students are encouraged to arrive on time for all class sessions and to stay in class for the duration of the class session in order to achieve the maximum benefit of the instruction provided. A student who disagrees with the instructor's attendance determination may discuss the instructor's determination with the instructor and request that the instructor reconsider the determination. Students whose grades are affected by the attendance policy as a result of an attendance determination should seek redress as set forth in the "Grades in Error" section of this Catalog.

Attendance in any off-Campus instructional portion of a program (e.g., externship or clinical courses) is recorded based on appropriate documentation provided.

METHOD OF RECORDING ATTENDANCE IN ONLINE CLASS SESSIONS

Online class sessions are conducted asynchronously, meaning that not all students in a particular course are online at the same time. Instead, students "attend" on their own schedule by interacting with the instructor and other students through a variety of online methods, such as online discussions, remote lectures, simulations, or engagement in other class activities.

ATTENDANCE REQUIREMENTS

A student will be dropped for attendance if the student does not attend at least one class within 14 consecutive calendar days (excluding scheduled break periods or unscheduled break periods resulting from inclement weather or cancellations of scheduled days).

Grade Adjustments for Participation in Residential Class Sessions

The maximum grade a student will be eligible to receive for each course in the student's program will be based upon class participation. Students should monitor their participation grades in their canvas course. Active participation in the course includes participating in classroom discussions, lab participation, and attending class regularly.

ATTENDANCE POLICY FOR THE COSMETOLOGY PROGRAM

Distinctly different from the attendance policies of other programs offered by the Campus, state regulations require that students must attend a minimum number of clock hours. Remington College addresses the “hours attended” component of the Attendance Policy for the Cosmetology Program in the following way:

- Attendance of at least 125 clock hours in each module of the Cosmetology Program is mandatory in order to receive a passing grade;
- Up to 12.5 clock hours of absences in each module may be excused, which, if approved, will be included in the per module hour requirement as having been attended; however, excused absences do not apply to the state board required hours; and
- Opportunities to make-up clock hours for missed attendance (unexcused) will be available each module. Completion of make-up clock hours sufficient to replace missed attendance must be done in the module within which the Grading Period falls.

EXCUSED ABSENCE POLICY

- Excused absences may be approved for reasons such as: medical, family emergency, military, or jury duty.
- Excused absences must be requested no later than two weeks after the absence via the Excused Absence Request form, which must be approved by the Campus Dean or Cosmetology Program Chair.
- No student that is behind more than 25 clocked-in hours in relation to the normal rate of progress towards state hour requirements (125 hours per module) will be eligible for excused absences, until which time they are back within at least 25 clocked-in hours in relation to the normal rate of progress towards state hour requirements.

The Campus may use an electronic system in which students will be logged into the building and out of the building. Students are required to log out at any time they leave the building for break and will only be counted present for the time they are in the building and in the classroom, performing procedures or receiving other instruction. Remington College is required to provide attendance information by an attendance reporting system to the Texas Department of Licensing and Regulation (TDLR).

PROGRAM CHANGES

Students are required to complete a new Application and Enrollment Agreement in order to change programs.

INDEPENDENT STUDY

Remington College reserves the use of Independent Study to rare or mitigating circumstances presented by the student. In situations where students have mitigating circumstances, the Dean may authorize a student, on a voluntary basis, to take a course as an Independent Study. Unless approved by the Provost, the total amount of independent study should not exceed 10% of the total program credits required for graduation. Students should not be granted an Independent Study for a course previously attempted.

Situations that merit the use of Independent Study are rare. (For example, when the Campus is no longer enrolling students for a particular course or program and the student needs only a relatively small number of credits to complete the program.) The Campus Dean is authorized to approve an Independent Study for a student. The Campus Dean must submit a request for an Independent Study to the Registrar for final approval and scheduling. An approved Independent Study must be supervised by a dedicated faculty member and credit hours for the Independent Study will be the same as the credit hours normally earned in the course.

To qualify for Independent Study, students must:

- Be actively pursuing a program of study,
- Be in good standing with the Satisfactory Academic Progress and Attendance Policies, and
- Have a history of good attendance and academics, and
- Make the request to the Campus Dean (signing the Independent Study Contract), and
- Must present mitigating circumstances to warrant the need for an Independent Study.

CANCELLATION, WITHDRAWAL, AND REFUND POLICIES

RIGHT TO CANCEL THE APPLICATION AND ENROLLMENT AGREEMENT AND TO RECEIVE A REFUND OF ALL PAYMENTS

Students may cancel their Application and Enrollment Agreement with Remington College without penalty and terminate their obligations by notifying the Campus prior to midnight of the third business day after the Application and Enrollment Agreement is signed by the student.

If the student has not visited the Campus prior to execution of an Application and Enrollment Agreement, the student may cancel the Application and Enrollment Agreement without penalty and terminate the obligations hereunder within three business days following a tour of the Campus facility and inspection of equipment.

If the student gives the required notice of cancellation, all payments made by the student pursuant to the Application and Enrollment Agreement will be returned within 30 days from the receipt of student's notice of cancellation.

RETURN OF MONIES PAID AS TUITION IF STUDENT IS NOT ACTIVATED

If a Student does not attend enough classes to be activated or otherwise fails to meet the criteria for activation, he or she will not be charged any Tuition, and any monies previously paid as Tuition will be refunded. (See Catalog for the Campus' Activation Policy.) Remington College will make any refund to which a Student may be entitled under this section within thirty (30) days of the end of the Activation Period.

WITHDRAWAL NOTIFICATION

In the event a Student intends to withdraw from the Student's program, the Student is urged to provide withdrawal notification to one of the following individuals: the Student's Instructor, the Program Chair for the program in which the Student is enrolled (if any), the Campus Dean, the Director of Student Finance or any other member of the Student Finance Department. Failure to provide withdrawal notification will result in the withdrawal date of determination being based upon the Campus' attendance policy, as set forth in the College Catalog, and most likely will result in any refunds due to the Student being made at a later date than would have been made had the Student provided the withdrawal notification.

EXIT CALCULATION AND REFUND POLICIES

Information regarding any applicable third party funding agency refund or return of funds policies (e.g., Title IV, Veterans Administration, WIA, etc.) may be obtained from the Campus Student Finance Department.

The following is a brief and general explanation of rules, regulations and policies applicable to the making of the Exit Calculation. In the event that any conflict exists between this explanation and the rules, regulations and policies applicable to the various financial aid programs, such rules, regulations and policies as modified and amended from time to time shall be applied. This explanation is not intended to be a complete and thorough explanation of all of the applicable components of the Exit Calculation, and should not be relied upon as such.

In the simplest terms, the Exit Calculation and refund process consists of four steps:

- 1) Computing the amount of Tuition that a student is charged for a payment period in which the student drops or is dropped in accordance with the state refund policy as set forth below. (The method of determining the official date of termination is the date the student notified the Campus he/she was dropping or the last date the student attended class.)
- 2) Determining what, if any, amounts from financial aid and/or other financial assistance programs are required to be returned to the fund sources. For a discussion of amounts required to be returned under Return of Title IV Funds regulations see "Return of Title IV Funds" section below.
- 3) Adjusting the student's account based on the calculations of (1) and (2), making the appropriate refunds, if any, based on the calculations of (1) and (2) and determining whether the student owes Remington College any additional monies as a result of the adjustments, or whether the student has a credit balance (amount owed to the student's account) after applying any additional institutional and non-institutional charges, including any prior year balances, against the credit balance.
- 4) Refunding any credit balance to the student's lenders (see Refund Distribution Order for the Return of Title IV Funds section).

RETURN OF TITLE IV FUNDS

Up through the point in time when 60% of the calendar days in a Financial Aid Payment Period has passed a pro rata schedule is used to determine how much Title IV financial aid program funds "Title IV Funds" the student has "earned" (is entitled to retain) at the time the student drops or is dropped. After the 60% point, a student has "earned" 100% of the program funds.

For purposes of calculating any required return of Title IV Funds, the percentage of the Financial Aid Payment Period completed is the total number of calendar days in the Financial Aid Payment Period for which the assistance is awarded divided into the number of calendar days that have occurred in that period as of the day the student withdrew. "Calendar days" for these purposes is something of a term of art, and will be interpreted in accordance with applicable regulations, which may not represent the actual number of pure calendar days in every case. For example, scheduled breaks of at least five consecutive days are excluded from the total number of calendar days in a Financial Aid Payment Period (denominator) and the number of calendar days completed in that period (numerator).

Any required refunds of Federal Title IV Funds will be made within forty-five (45) days after the earlier of the date on which it has been determined that a Student Drops, has been Dropped, or is deemed to have been Dropped. Any refund of funds other than of Federal Title IV Funds will be made in accordance with applicable law.

REFUND DISTRIBUTION ORDER FOR THE RETURN OF TITLE IV FUNDS

Refunds of unearned Title IV Funds will be made in the following order: 1) Unsubsidized Direct Loans (other than Direct PLUS Loans); 2) Subsidized Direct Loans; 3) Direct PLUS Loans; 4) Federal Pell Grants for the Financial Aid Payment Period for which a return of funds is required; 5) Iraq and Afghanistan Service Grant, for which a return of funds is required.

INSTITUTIONAL REFUND POLICY

Remington College charges a \$100 administrative fee for any Student who Drops or is Dropped before 60% of the calendar days in a Payment Period. The table below indicates the amount of Tuition the Applicant will be charged (the amount Remington College has earned) if the Applicant is activated and Drops or is Dropped.

If Student Drops or is Dropped when classes have been held for:	Student's Tuition charges will be:
10% or less of a Payment Period	10% of the current Payment Period Tuition cost + Adm. Fee
More than 10% but not more than 20%	20% of the current Payment Period Tuition cost + Adm. Fee
More than 20% but not more than 30%	30% of the current Payment Period Tuition cost + Adm. Fee
More than 30% but not more than 40%	40% of the current Payment Period Tuition cost + Adm. Fee
More than 40% but not more than 50%	50% of the current Payment Period Tuition cost + Adm. Fee
More than 50% but not more than 60%	60% of the current Payment Period Tuition cost + Adm. Fee
More than 60% of a Payment Period	100% of the current Payment Period Tuition cost

REFUND POLICY FOR STUDENTS CALLED TO ACTIVE MILITARY SERVICE

A student who withdraws as a result of the student being called to active duty in a military service of the United States or the Texas National Guard may elect one of the following options for each program in which the student is enrolled:

- 1) If Tuition and fees are collected in advance of the withdrawal, a pro rata refund of any Tuition, fees, or other charges paid by the student for the program and a cancellation of any unpaid Tuition, fees, or other charges owed by the student for the portion of the program the student does not complete following withdrawal;
- 2) A grade of incomplete with the designation "withdrawn-military" for the courses in the program, other than courses for which the student has previously received a grade on the student's transcript, and the right to re-enroll in the program, or a substantially equivalent program if that program is no longer available, not later than the first anniversary of the date the student is discharged from active military duty without payment of additional Tuition, fees, or other charges for the program other than any previously unpaid balance of the original Tuition, fees, and charges for books for the program; or
- 3) The assignment of an appropriate final grade or credit for courses in the program, but only if the instructor or instructors of the program determine that the student has:
 - a) Satisfactorily completed at least 90 percent of the required coursework for the program; and
 - b) Demonstrated sufficient mastery of the program material to receive credit for completing the program.

TDLR REFUND POLICY

For the Cosmetology diploma program only, the TDLR Refund Policy takes the place of the Institutional Tuition Refund Policy.

- 1) The refund is based on the student's enrollment, computed on the basis of course time expressed in clock hours completed divided by the total Program clock hours.
- 2) The effective date of the termination for refund purposes is the earliest of:
 - a) The last day of attendance, if the student is terminated by the school;
 - b) The date the Campus receives the student's written notice of withdrawal; or
 - c) Ten school days after the last date of attendance.
- 3) Remington College may not retain more than \$100 if Tuition is collected before the course of training begins and the student fails to withdraw from the course of training before the cancellation period expires.
- 4) If the student begins the Program at the Campus and during the last 50% of the Program, withdraws from the Program or their enrollment terminates for any other reason, Remington College:
 - a) May retain 100% of the Tuition and fees paid by the student and
 - b) Is not obligated to refund any additional outstanding Tuition.
- 5) If the student begins the Program at the Campus and before the last 50% of the Program, withdraws from the Program or their enrollment terminates for any other reason, Remington College shall refund:
 - a) 90% of any outstanding Tuition for a withdrawal or termination that occurs during the first week or first one-tenth of the Program, whichever period is shorter;
 - b) 80% of any outstanding Tuition for a withdrawal or termination that occurs after the first week or first one-tenth of the Program, whichever period is shorter, but within the first three weeks of the Program;
 - c) 75% of any outstanding Tuition for a withdrawal or termination that occurs after the first three weeks of the Program, but not later than the completion of the first 25% of the Program, and;
 - d) 50% of any outstanding Tuition for a withdrawal or termination that occurs not later than the completion of the first 50% of the Program.
- 6) A refund owed under the TDLR Refund Policy will be paid not later than the thirtieth day after the date the student becomes eligible for a refund.

RETURN OF UNEARNED MILITARY TUITION ASSISTANCE (TA) FUNDS

Remington College will return any unearned TA funds on a proportional basis through at least the 60% portion of the period for which the funds were provided. If the student has to withdraw due to military service, Remington College will work with the student to identify solutions so that the student's return of TA funds does not result in a student debt.

RETURN OF STUDENT CREDIT BALANCES UPON GRADUATION

TITLE IV CREDIT BALANCES

Upon graduation, if a Title IV Credit Balance ("TIV Credit Balance") exists, not more than \$200 of the TIV Credit Balance will be applied to any balance remaining from prior year institutional and non-institutional charges. Any amount remaining after application of the TIV Credit Balance to prior year charges will be refunded directly to the Student, unless the Student informs the Student Finance office of the Campus that the Student wishes to have all or a portion of the TIV Credit Balance returned to the lender(s) to reduce the Student's outstanding loan balance. In such case, the Student will need to sign an authorization directing Remington College to refund to the lender(s) the entire Title IV Credit Balance, or a lesser amount if the Student wants to retain a portion of the Title IV Credit Balance. Amounts returned to lenders shall be disbursed to lender(s) in accordance with the Refund Distribution Order for Return of Title IV Funds.

NON-TIV CREDIT BALANCES

Upon graduation, if a non-TIV credit balance exists, the non-TIV credit balance will be refunded in accordance with the requirements of the third party lender, if any. If no lender exists, the credit balance will be refunded directly to the Student.

RETURN OF STUDENT CREDIT BALANCES UPON WITHDRAWAL

If the student withdraws from Remington College, and after the return of Title IV calculation has been applied, any credit balance remaining will be used to cover any additional institutional and non-institutional charges including but not limited to current and/or prior year balances. Any credit balance remaining on the student's account will be refunded in accordance with the Return of Title IV Funds Distribution Order.

DETERMINATION OF STUDENT BALANCES

As a result of the return of Title IV funds calculation, in some circumstances, funds previously received on behalf of the student may be required to be returned to grantors or lenders. **This can result in the student owing a balance to Remington College even though the student's account might have shown no balance due while the student was still attending.** As set forth in the Application and Enrollment Agreement, the student is responsible for any balance owed Remington College, and Remington College is responsible for the payment of any refunds.

INSTITUTIONAL REFUNDS

Once the return of Title IV funds calculation is made and the unearned portion, if applicable, is returned to the lender, then the institutional refund policy may be applied, if applicable.

STATE REFUNDS

Once the return of Title IV funds calculation is made and the unearned portion, if applicable, is returned to the lender, then the state refund policy may be applied, if applicable.

POST-WITHDRAWAL DISBURSEMENTS

If a student is eligible for a post-withdrawal disbursement, a letter will be mailed identifying the source and the amount of the Title IV aid. The student will have 14 days in which to decline to accept the disbursement. If there is no response, the funds will be returned to the appropriate funding source. The return of these funds will not reduce the obligation of the student to Remington College for any unpaid Tuition.

FORCE MAJEURE

Remington College will not be liable for any damages including but not limited to consequential damages resulting from Remington College's inability to fulfill Remington College's obligations under the Application and Enrollment Agreement including but not limited to the failure to provide the instruction and other resources necessary to enable a student to complete the program in which a student has enrolled or receive a graduation award where such inability or failure is directly or indirectly caused by or results from a fire, war, terrorist act, strike, work stoppage, riot, utility failure or shortage, damage by the elements, act of nature, acts of God or any other cause beyond the control of Remington College. In the event Remington College is unable to perform any of the obligations under the Application and Enrollment Agreement, for any of the reasons set above, Remington College shall not be responsible for any damages including but not limited to consequential damages or have an obligation to issue Tuition refunds, other than as required by an applicable refund policy.

ACTIVATION OF MILITARY RESERVIST

Upon receipt of a copy of official military orders evidencing a call to active military duty prior to the completion of a term, Remington College will reverse all charges related to the interrupted term. The student's transcript will reflect the student's withdrawal as a "W" and no grade or credit will be issued for the courses that were not fully completed.

ADMINISTRATIVE POLICIES

CANCELLATION OF CLASSES

It is Campus policy to remain open and to hold classes as scheduled whenever weather conditions allow. The Campus Administrators shall determine when classes will be cancelled due to weather conditions. An announcement of a decision to cancel classes may be broadcast on local radio and/or television stations. Students are responsible for contacting the Campus to determine if the Campus has been closed due to weather.

- 15) Conviction of a crime which is of a serious nature. After being suspended, a student may be allowed to resume attending classes only after a written request is submitted to the Director of Campus Administration, and the Director of Campus Administration approves the student's request. Any further infraction of Campus policies may result in expulsion. (See Re-Enrollment and Re-Entry Policy regarding application to Student Conduct and Discipline.)

STUDENT SEXUAL HARASSMENT POLICY

Consistent with Remington College's Non-Discrimination Notice and the U.S. Department of Education's implementing regulations for Title IX of the Education Amendments of 1972 ("Title IX") (see 34 C.F.R. § 106 et seq.), the College prohibits Sexual Harassment that occurs within its education programs or activities. As such, the College has implemented a Sexual Harassment Policy and Hearing Procedures to address allegations of Sexual Harassment. The Sexual Harassment Policy is available for viewing and download at <https://www.remingtoncollege.edu/documents/Remington-Sexual-Harassment-Policy.pdf>, and the Hearing Procedures are available for viewing and download at <https://www.remingtoncollege.edu/documents/Remington-Sexual-Harassment-Hearing-Procedure.pdf>.

EMPLOYEE/STUDENT RELATIONSHIPS

Remington College strictly prohibits employees from fraternizing or socializing with students, except as a part of organized Campus social events or activities and students are prohibited from fraternizing or socializing with employees, except as a part of organized Campus social events or activities. This policy prohibits students and employees from dating. This policy applies to students currently enrolled at any campus. Employee/student relationships must maintain the highest level of professional respect. Accordingly, it is inappropriate, and violates this policy, for employees or students to engage in any type of relationship that is outside of the professional student/employee relationship, regardless of whether such inappropriate relationship also violates Remington College's sexual harassment policy as set forth above. This policy does not apply to students married to an employee prior to becoming a student.

DISPUTE RESOLUTION PROCEDURES AND ALTERNATIVES

From time to time, students may have disputes with Remington College resulting from the student's recruitment, enrollment and/or attendance, or otherwise arising out of a student's relationship with Remington College. It is the goal of Remington College to resolve all such disputes promptly, fairly and directly with the student without the intervention of third parties

REMINGTON COLLEGE GRIEVANCE PROCEDURES

A grievance is defined as any dispute between the student and the Campus. Should a student have a grievance concerning any aspect of his or her recruitment, enrollment, attendance, education, or career services assistance, the student should first contact the faculty or staff member to whom the grievance or complaint refers. If a solution satisfactory to the student is not reached with the faculty or staff member, the student may then contact the Program Chair or Academic Dean for assistance in resolving the grievance. If a solution satisfactory to the student is not reached with the Program Chair or Academic Dean, the student may submit his or her grievance, in writing, to the Director of Campus Administration, clearly describing the grievance.

The Director of Campus Administration will review the grievance, seek resolution, and notify the student of the remedy within ten business days of receipt of the grievance, unless it is determined more time is necessary to perform a thorough and objective investigation into the allegations raised in the grievance, in which case the student will be notified of that fact by the Director of Campus Administration. In the event the student is not satisfied with the resolution provided by the Director of Campus Administration, the student may submit a written appeal to Remington College's Department of Student Affairs as the final entity seeking a resolution to a reported grievance.

The Department of Student Affairs will review the facts and evidence presented and, if necessary, will conduct additional investigation into the allegations raised in the grievance. The Department of Student Affairs will formulate a resolution, within ten business days of receipt of the student appeal, unless it is determined more time is necessary to perform a thorough and objective review of the pertinent facts and evidence presented, in which case the student will be notified of that fact by the Department of Student Affairs. Once the review is complete, the Department of Student Affairs will promptly inform the student of the decision, including what steps, if any, the Campus will take to resolve the allegations raised in the grievance. At any time in the grievance process, the student may contact the Remington College Department of Student Affairs for additional support via email at student.affairs@remingtoncollege.edu.

Notwithstanding the foregoing, if the grievance involves discrimination including sexual harassment, the grievance should be immediately reported to the person stated below who has been designated to handle grievances regarding violations of Remington College's non-discrimination policies and the student should submit any such grievance to this person as well as any person indicated above. Any sexual harassment grievance will be handled in accordance with the Campus' sexual harassment policy as set forth herein.

Students should indicate in their grievances any person the student is aware of who has witnessed the occurrence or has independent or collaborative knowledge of the incident or incidents giving rise to the grievance.

Students should be sure to include with their grievances the best method of contacting them to discuss the grievance and the best time of day for such contact, and whether the students object to being contacted at Remington College. A Remington College official will attempt to make contact with the student, as per the instructions provided by the student, within three business days of receipt of the grievance by a Remington College official.

A Campus official will conduct such investigation, inquiry and research into the matter of the grievance as the official deems necessary to perform a thorough and objective investigation into the allegations raised in the grievance. During this investigation phase of the grievance process, the student will have the opportunity to present witnesses and other evidence in support of his/her allegations. The investigation phase of the grievance process will not last more than seven (7) calendar days, unless the official determines more time is necessary to perform a thorough and objective investigation into the allegations raised in the grievance, in which case the official will notify the student of that fact. Once the investigation has been completed, the Campus official will contact the student promptly to inform the student of the official's decision, including what steps, if any, the Campus will take to resolve the allegations raised in the grievance, including but not limited to, measures to prevent the recurrence of any discrimination and/or otherwise correct any discriminatory effects on the student and others, as deemed appropriate by the Campus.

ACCREDITING COMMISSION AND STATE AGENCY/STATE BOARD COMPLAINT AND GRIEVANCE PROCEDURES

Accrediting Commission

STUDENT COMPLAINT/GRIEVANCE PROCEDURE

Schools accredited by the Accrediting Commission of Career Schools and Colleges must have a procedure and operational plan for handling student complaints. If a student does not feel that the school has adequately addressed a complaint or concern, the student may consider contacting the Accrediting Commission. All complaints reviewed by the Commission must be in written form and should grant permission for the Commission to forward a copy of the complaint to the school for a response. This can be accomplished by filing the ACCSC Complaint Form. The complainant(s) will be kept informed as to the status of the complaint as well as the final resolution by the Commission. Please direct all inquiries to:

Degree Programs

Any current student enrolled in a degree program, any former student who was enrolled in a degree program, or any prospective student considering enrollment in a degree program, may submit complaints to the Texas Higher Education Coordinating Board ("THECB") via the Student Complaint policy set forth on the THECB's website at: <http://www.thecb.state.tx.us/studentcomplaints>.

Specifically, students may obtain a THECB Student Complaint Form (as well as other forms which it will be necessary for students to complete in order to submit a complaint to the THECB) at the Uniform Resource Locator (“URL”) set forth in the previous paragraph (or by going to the THECB’s main home page at <http://www.thecb.state.tx.us/>, and entering the search term “complaints”). Following completion of the THECB Student Complaint Form (and other required forms, also provided at the URL set forth above), students (or former or prospective students) may submit their complaint using one of the following three options:

- Completing the THECB’s online student complaint form (available at the URL for the THECB’s website set forth above) and uploading the required supporting documentation in Portable Document Format (PDF).
- Sending the required THECB Student Complaint Form and supporting documentation as PDF attachments by email to studentcomplaints@thecb.state.tx.us.
- Mailing printed forms and documentation to:

Texas Higher Education Coordinating Board,
Office of General Counsel
P.O. Box 12788
Austin, Texas 78711-2788

Facsimile transmissions of the student complaint forms are not accepted.

The THECB will require any complainant to exhaust all grievance and appeal procedures that Remington College has established (such policies being set forth in detail in the Catalog) to address student complaints prior to initiating any investigation. All complaints submitted to the THECB must include a completed student complaint form as well as a signed FERPA Consent Release form, and a THECB Consent and Agreement Form (all of which are provided at the URL set forth above). Submitted complaints regarding students with disabilities shall also include a signed Authorization to Disclose Medical Record Information form, which is also provided at the URL set forth above. The THECB does not handle, investigate, or attempt to resolve complaints concerning actions that occurred more than two years prior to filing a student complaint form with the Agency, unless the cause of the delay in filing the student complaint form with the THECB was the complainant’s exhaustion of Remington College’s grievance procedures. Former students shall file a student complaint form with the THECB no later than one year after the student’s last date of attendance at the institution, or within 6 months of discovering the grounds for complaint, unless the cause of the delay in filing the student complaint form with the THECB was the complainant’s exhaustion of the institution’s grievance procedures.

Once the THECB receives a student complaint form, the THECB may refer the complaint to other agencies or entities as appropriate (for example, the Consumer Protection Division of the Office of the Attorney General of Texas or to the Accrediting Commission of Career Schools and Colleges, in appropriate circumstances), or the THECB may initiate an investigation itself if the student complaint concerns compliance with the statutes and regulations that the THECB administers. As part of any investigation, the THECB will request a response from Remington College, and may also contact other persons or entities named in the student’s complaint or in Remington College’s response, in order to ascertain all relevant facts. In appropriate cases, the THECB will also attempt to facilitate an informal resolution to the complaint that is mutually satisfactory to the student and to Remington College. In cases in which an informal resolution between the student and Remington College is not feasible, THECB will evaluate the results of the investigation of the student complaint and recommend a course of action to the Commissioner of Higher Education (the “Commissioner”). The Commissioner will consider the recommendation regarding the complaint and render a written determination either dismissing the complaint or requesting Remington College to take specific actions to remedy the complaint. The Commissioner may also request the Board to review and decide issues that regard institutional integrity.

ALTERNATIVE DISPUTE RESOLUTION

Remington College nor anyone else will stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained ("Borrower Defense Claim"). You may file a lawsuit for such a claim or you may be a member of a class action lawsuit for such a claim even if you do not file it. This provision does not apply to lawsuits concerning other claims. Only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained.

In the event that the above grievance procedures do not result in a satisfactory resolution of the dispute, or students are not satisfied with any response to their written complaint filed with the Accrediting Commission or State Board, pursuant to the terms of the Enrollment Agreement, any "Claim", as hereinafter defined, except for a Borrower Defense Claim, brought by either the student or Remington College against the other, or against the employees, agents, owners or officers of Remington College or any affiliates of Remington College or any officers of the owners of Remington College or assigns of the other, shall be resolved by binding arbitration conducted by American Arbitration Association ("AAA").

The Student may contact the Legal Department at Remington College between 8:30a.m. and 5:00p.m. Central time at 9451 Lyndon B. Johnson Freeway, Suite 200, Dallas, TX 75243, (407) 562-5689 to obtain additional information regarding how to commence arbitration. Remington College will, upon request, provide the student with a package of information on how to contact the AAA and obtain a copy of the AAA Rules (defined below). By way of general information, under the AAA Rules, an arbitration may be commenced by notifying the other party in writing of the desire to arbitrate a dispute or claim (a "Demand") and submitting two copies of the Demand to the AAA at the time it sends the Demand to the other party along with a copy of the Enrollment Agreement and the required fees and deposits. Upon request, Remington College will provide a Demand form, the address where the form should be sent along with a schedule of the required fees.

"Claim" means any claim, dispute, or controversy, whether in contract, tort or otherwise, whether pre-existing, present or future, and including statutory, common law, tort or equitable claims between a student and Remington College, except for a Borrower Defense Claim as defined above.

The arbitration shall be governed by the Federal Arbitration Act ("F.A.A."), 9 U.S.C. Sections 1-16 and the AAA's Consumer Arbitration Rules ("AAA Rules") (collectively the "Arbitration Rules"). The arbitrator appointed by the AAA (the "Arbitrator") shall apply applicable substantive law consistent with the F.A.A., the Arbitration Rules and applicable statutes of limitation and honor claims of privilege recognized by law. The Arbitrator shall not conduct class arbitration; that is, the Arbitrator shall not allow the Student to serve as a representative in any capacity for others in the arbitration. Judgment upon the award rendered by the Arbitrator may be entered in any court having jurisdiction. Arbitration is mandatory and the Arbitrator's decision is binding.

EXAMINATION OF STUDENT RECORDS

The Family Educational Rights and Privacy Act ("FERPA") affords students certain rights with respect to their education records. These rights include:

The right to inspect and review the student's education records within forty-five (45) days of the day Remington College receives a request for access.

A student who wishes to inspect his/her education records should submit a written request to the Registrar's Office, identifying the records the student wishes to inspect. The Registrar's Office, after determining that access to the requested records is appropriate, will make arrangements for access to the records and notify the student of the time and place where the records may be inspected. If Remington College determines that access to the requested records (or any portion thereof) is not appropriate or permitted under FERPA, then those records will not be provided to the student.

The right to request an amendment to the student's education record(s), which the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to request an amendment to any education record should submit a written request to the Registrar's Office, clearly identifying the part(s) of the record(s) the student wants amended, as well as the reason(s) for the requested amendment(s). If Remington College decides not to amend the record as requested, Remington College will notify the student in writing of its decision and the student's right to a hearing regarding the request for amendment, as well as additional information regarding the hearing procedures.

The right to provide written consent before Remington College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

For example, Remington College discloses education records and/or personally identifiable information from those records without a student's prior written consent under the FERPA exception for disclosure to school officials with a legitimate educational interest. A "school official" is: (1) a person employed by Remington College in an administrative, supervisory, academic, research, or support staff position (including security personnel); or (2) a person, company, partnership or other entity with whom Remington College is affiliated with or has contracted with as its agent to provide a service instead of using Remington College employees or officials (e.g. attorney, accountant, auditor, collection agent, Title IX Coordinator, etc.). A school official has a "legitimate educational interest" if the school official needs to review an education record or records in order to fulfill his/her/its professional responsibilities for Remington College.

Additionally, Remington College has designated the following categories of student information as "directory information":

- Name
- Address
- Telephone Number
- Date and Place of Birth
- Program(s) Undertaken
- Dates of Attendance
- Degree/Diploma Awarded
- Academic and Attendance Awards

Remington College may disclose any of these items at its discretion, without the prior written consent of the student, unless the student provides written notice to the Registrar's Office, objecting to the disclosure of all or part of the directory information, within thirty (30) days after enrollment. Any written notice from a student objecting to the disclosure of directory information shall be effective as of the date the written request is received by the Registrar's Office unless and until rescinded in writing by the student.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by Remington College to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5901.
